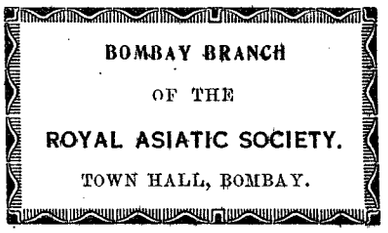
Administration Report
Jamkhandi State
1915-16 to 1920-21.

00134818



Digitized with financial assistance from

Government of Maharashtra

on 01 February, 2020

00134818

No. 370 of 1916.

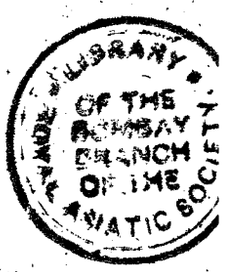
STATE KARBHARI'S OFFICE,

JAMKHANDI, 24th July 1916.

FROM,

RAO BAHADUR K. B. MOGHE,

STATE KARBHARI, JAMKHANDI



To,

COLONEL F. W. WODEHOUSE, C. I. E.
RESIDENT KOLHAPUR AND POLITICAL AGENT,
S. M. Country States,

134818

KOLHAPUR.

SIR,

I have the honour, by direction of the Chief, to submit the Annual Administration Report of the Jamkhandi State, for the Fasli year 1325 ending 5th June 1916.

CHAPTER I

GENERAL AND POLITICAL.

2. The State is divided into three Talukas—Jamkhandi, Bidri and Kundgol and three Thanas, Vathar, Patkhal and Dhawalpuri. *These Thanas lying as they do in different collectorates unconnected with each other make Administration some-what costly and inconvenient. The State has an area of 524 square miles and a population of 1,00,304 according to the Census of 1911. The gross revenue of the State, exclusive of Inams, is Rs. 6,16,274 based on the average of the last 5 years. The State pays to Government an annual tribute of Rs. 20,515.*

3. The Chief Meherban Shrimant Sir Parashuramrao Ramchandrarao alias Bhausaheb Patwardhan K. C. I. E. is a Chitpawan Brahman. His age is 33. He is a treaty Chief and a 1st Class Deccan Sardar. He has a son and a daughter. The former Shrimant Shankarrao Appasaheb is now in his 10th year. An experienced graduate looks after the education of this Kumar. He is studying the 1st English Standard. The daughter, Shrimati Keral Tarabaisaheb alias Shakuntala Tai Saheb is now in her 4th year. The Chief with his family resides at Ramtirth. Except Shrimati Soubhagyawati Rani Saheb they are all in good health.

4. In my last year's report I observed that the Chief exrpessed his keen desire to Government several times to be permitted to go to the War Front for Service; but that, his request could not be granted. During the year however, Government were graciously pleased to accept his offer of a Motor

Ambulance and of his personal services as an officer in charge of it. The Chief left the Indian shores after paying a visit to his Excellency the Governor and his councillors on the 14th of September 1915. He was to remain there for six months. He remained on the French War Front, however, for a short period; as the Indian Force was withdrawn from it at the time. Nevertheless, Sir Bhausaheb Patwardhan feels ever so grateful to Government for being allowed this opportunity. He then went to England, where he took an opportunity to visit some of the leading statesmen. The Chief has desired me to take this opportunity to express his most grateful thanks for the kind treatment he received at the hands of his immediate superiors General Kerry, Colonel Greyfoot and Colonel Sloan, the Military officers of the corps, to which he was attached, and the other High Officers with whom he came in contact, both while he was on duty at the War Front, and during his short sojourn in London. After a stay of about 20 days in England, he returned to India with his attendants and arrived in Bombay safely on 27th December 1915.

5. During the Chief's absence the administration of this State was entrusted with the approval of Government to a Council of three members of which the State Karbhari was the President.

6. He made a tour in the State, visiting the Taluka Stations of Savalgi and Kundgol and some of the villages in these Talukas; in order to see the condition of the crops and the people and to get first hand information about the wants of his ryots. While at Kundgol, he visited the site of a proposed storage reservoir and discussed with the State Engineer the scheme for the supply of water to Kundgol. He has directed the scheme to be taken in hand; and has appointed a special Assistant Engineer for that purpose. That officer has nearly completed the survey and taking levels. Besides this he selected a site for building a house for the A. V. School at Kundgol, for which plans and estimates have been sanctioned. He twice inspected the water works at Savalgi and developed the idea of constructing new police lines just in front of the present Mamlatdar's office. He also visited the Wathar Thana and his estate in Tasgaon. At Wathar he selected a site for the Wahiwatdar's office and police lines. The Chief takes a keen interest in public works; these he visited with the Executive Engineer of the State.

7. With a view to help Government to obtain recruits for the War service the Chief has hitherto tried all means in his power to induce people to enlist, from the Deccani Mahrattas and Mahomedans within the State limits. The notices received from the Resident Kolhapur and Political Agent S. M. C. were published and explained in each village. The State Police and Revenue Officials visited each village for that purpose; but the few families of Mahrattas who had in them the traditional martial spirit, have already sent out their sons to join the ranks. Certain casualties having unfortunately occurred among them, the work of enrolment has suffered a good deal. Although the prospects in this direction have so far, been gloomy, it is proposed to renew the efforts once-more. The intention of Government to enroll Brahmin recruits has been notified. Since then, attempts are being made to induce Brahmins to come forward for recruitment

8. I am glad to note that the Chief and his people have been doing their best to help the different War Funds. The subjoined table shows the donations to the different Funds so long made by the Chief and his subjects:-

No.	Name of Fund.	Amount remitted.	By the Chief & Shrimant S. Rani Saheb.	By the State Subjects.
		Rs.	Rs.	Rs.
1	The Indian Imperial War Relief Fund.	19,488	5,000	14,488
2	The Prince of Wales War Relief Fund.	6,000	6,000	...
3	The Belgian War Relief Fund.	3,000	3,000	...
4	The Indian Soldiers' Hospital Fund South England.	1,500	1,000	500
5	The Lady Willingdon War Relief Fund.	7,000	2,000	5,000
		36,988	17,000	19,988
6	The Motor Ambulance Unit.	18,000	18,000	...
	Total.	54,988	35,000	19,988

9. The Ordinances passed by Government on account of the War were introduced in the State as far as may be, as shown in Appendix II.

10. You and Major E. O'Brien the Assistant Political Agent paid official visits to Jamkhandi during the year. You were both kind enough to give your advice and suggestions now and then in matters of Administrative difficulty and the Chief is very thankful to you for it. Major E. O'Brien visited Savalgi Taluka this year and made his camp there for about 4 days. During his sojourn he visited the adjoining villages and inspected the Schools and Dispensary.

11. The Police have been keeping a close watch every where to prevent suspicious characters finding an entry within the State limits. The Railway line and works within the State limits are also being carefully protected as far as possible. The people are generally peace-loving and loyal to the core, and the Chief has the satisfaction to find that all is well in the State.

12. The Political relations of the State with the Paramount Power and with the neighbouring Native States remained cordially satisfactory.

RELATIONS OF THE STATE WITH THE ADJOINING BRITISH AUTHORITIES.

13. It is satisfactory to note that during this year, the British Police in the adjoining Districts of Bijapur, Belgaum, Dharwar and Kanara rendered valuable help to the State Police. This enabled the latter to adopt preventive measures under Chapter VIII of the Criminal Procedure Code and to send gangs of Ghantichors and Katbus to take their trial in Criminal Courts.

14. A Band of dacoits of Ghantichors from the Bellary District, which was troubling the Kundgol Taluka of this State, the south of the Dharwar District and the Talukas of Laxmeshwar, Gudgeri and Shirhatti of the Patwardhan

States, as also the Mundgod Petha in Kanara was brought to book; and was sentenced to long terms of imprisonment. In dealing with them, valuable help was given to the State Police by the Police of Kanara and the Bellary District. The Chief takes this opportunity to acknowledge it very gratefully.

15. Again very lately the Belgaum Police and the Jamkhandi Police have joined in all good spirit to apprehend certain Katbu dacoits in the Athni Taluka. A large amount of Stolen property has been traced. The Savalgi Police of this State have rendered good aid to the Police of the Bijapur District in two important cases, which the District Superintendent of Police has highly praised and has sent a special certificate to the Foujadar Mr. Limaye in appreciation of his services.

16. On the subject of the special steps suggested last year by Mr. Starte I. C. S. on special duty, for adopting reciprocal measures for bringing under a central control, bad characters and Criminal tribes visiting Native States and the adjoining British Districts, the Chief Saheb has expressed his willingness to hand over the criminals visiting the State and to pay the cost of their settlement for a period of five years (my letter No. 57 dated 6th February 1916).

17. Mutual extradition of criminals received prompt attention during the year.

The Excise Department.

18. Although the Abkari rights of the State have been farmed out to Government the State authorities have always helped the Government Excise officers in excise administration to promptly punish smuggling and other illegal practices when they were brought to light. The need for deterrent punishments in such cases has been impressed on the Local Magistracy.

Educational Department

19. The annual school report was submitted to the Educational Inspector Southern Division. His suggestions to introduce reforms in this department were carried out as far as possible. All possible care is being taken to prevent students getting any idea of extremism. Strict discipline and obedience to orders is enforced both among the teachers and the pupils.

20. A very careful vigil is kept to see that suspicious characters with Political fads do not enter into the State limits. If any do, they are promptly dealt with.

21. Appendix I will show the names of heads of offices in the State.

CHAPTER II.

Land Revenue Administration.

22. The Revenue Survey and Settlement has been introduced throughout the State except in some of the Inam villages. The existing lease, 40 years old, has been continued pending completion of the Revision Settlement. The Revision Settlement operations in Kundgol Taluka were completed by the end of March.

23. The following table shows the details of Survey work in the Kundgol Taluka to the end of Fasli year 1325.

Total No. of unalienated villages in the Taluka	Old survey.		New survey.		Remarks.
	Total survey nos.	Total area.	Total survey Nos.	Totol area.	
		A. G.		A. G.	
13	2,941	58,509--1	4,194	60,150-23	The area is provisional. The exact area will be determined after the final checking of the records.

24. The subjoined table gives the income and expenditure of the Survey Department for the revision work in the Kundgol Taluka.

No.	Income.	Amount.	No.	Expenditure.	Amount.
1	Fees etc. paid by the applicants for the subdivision of their lands.	Rs. a. p 487-2-11	1	Pay, allowance and contingent charges of the Revision Survey party from 1914 to 1916.	Rs. a. p. 12,709-7-7
2	Miscellaneous.	25-4-6			
	Total...	512-7-5		Total...	12,709-7-7
				Deduct receipts.....	512-7-5
				Net expenditure for the Revision work in the Kundgol Taluka.....	12,197-0 2

25. The net expenditure is Rs. 12,197--0 -2 and the area resurveyed and reclassified is 60,150 A. 23 G. The average expense per acre is Rs. 0--3--3. This is certainly moderate and fair.

26. New maps for all the remeasured villages have been drawn up. The spare copies have been pricked from the Sarmap After checking the copies, they will be supplied to the Village officers and the Taluka office.

27. The Revision Settlement report for the Kundgol villages is ready and the proposals for revised rates will be shortly placed before the Chief Saheb. The main feature of the revision is that the operations have been conducted on the partial measurement and classification system. Full opportunity was taken for recording and measuring sub-divisions and re-assessing them. This measure has been very popular; and bids fair to remove the complications of titles that must exist in the absence of such an arrangement. It will reduce litigation and opportunities for setting up false claims. All disputes of boundaries vanish; and encroachments were set back, wherever found.

28. The basis of the new proposed rates will be that adopted for the neighbouring British territory in Hubli and Bankipur Talukas.

29. Following the latest introduction of the system of surveying Inam villages in British Districts, the Settlement officer has, under the orders of the Chief, taken the opportunity of surveying the Inam villages. This has been done for purposes administratively useful to the State, leaving the Inamdar a free choice either to adopt the new rates or not as he likes.

30. There is very little of Patasthal or Motasthal irrigation in this Taluka.

31. The Survey party has already taken up the work of Jamkhandi Taluka. The revision work of this Taluka is being conducted on the system adopted in Kundgol Taluka. For the present, the survey work in 16 villages of this Taluka has been taken in hand. The total number of Survey Nos, so far measured, is 677, the Pot numbers made being 813. The total area, so long measured, is 10,811 A. 32 G. The old maps are utilised as far as possible. The old numbering of the Survey Numbers is maintained.

32. The area under cultivation in the State, the revenue due from it, its collection and out-standings are shown in the following table:—

Year	Occupied land	Net Revenue demand excluding Inams and including arrears for past year.	Collections	Outstandings	Unoccupied assessed waste	Its assessment	No. of notices issued
	A. G.	Rs.	Rs.	Rs.	A. G.	Rs. A.	
1914-15	308,307-24	Arrears 41740 Current year's demand 419079 460819	4,35,526	25,293	779-26	402—14	1,566
1915-16	308,475-14	Arrears 25293 Current year's demand 433497 458790	4,30,684	28,106	611-36	409— 2	1,855

33. The season was favourable on the whole. Land Revenue demands were easily paid up. Though more notices had to be issued, no coercive measures were required to be resorted to. 190 A. 10 G. of unoccupied assessed land were taken up for cultivation and 22 A. 20 G. were thrown up; thus leaving 611 A. 36 G. waste for the next year.

34. Steps for collecting arrears of the year are in progress. The major portion of the arrears will be adjusted against payments due to defaulters from the State Treasury. Some of the defaulters live out-side the State and are minors, under the Court of Wards, Belgaum.

35. Takavi of Rs. 1,074 was given for the improvement of lands, and for purchase of agricultural implements, to the poorer ryots. Considerable amount of loans were advanced to ryots from the State Bank on interest at 6 p. c. for improvement of lands, and for redeeming mortgaged lands from Sawkars.

CHAPTER III.

36. The Acts and Regulations in force and those introduced in the year are given in Appendix II. The amendments of the enactments hitherto in force

were also introduced to bring the law in force in British territory upto date in the State.

Military Force.

37. There is no military force in the State.

Police.

38 The total strength was the same as that in the last year *i. e.* 317 foot and 46 mounted police. The total cost of the force amounted to Rs. 56,566-14-8 against Rs. 55,470-1-7 of the last year.

39. Appendix IV gives the details of the Police force. Of the foot police 247 are armed and the rest unarmed. There are 46 mounted police, all of whom are armed. Of the total force numbering 363, 259 can read and write and the rest are under instruction. A fairly satisfactory discipline was maintained. In 8 cases, rewards by promotion were given for good services and in three cases, money rewards were given. One constable was dismissed and 17 fined for neglect of duty. One was judicially punished.

40. Of the 247 armed men, 197 carry Muzzle Loading Sniders; and 50 Breech Loading Martiny Henry Muskets: the rest carry swords and battons. The ratio of Police to area is 1 man per 1.5 square miles and to population 1 man to 276.32 people.

41. Appendices V, VI and VII give the results of the working of the Police in investigation and detection of crime. There were 130 cases for disposal against 91 of the last year; of these 82 were disposed of and 48 remained finally undisposed of. Final reports, in 24 of these, were received and are awaiting the orders of the Magistrates, and the other 24 are under investigation, the majority of them having been filed near the close of the year.

42. The more serious dacoities were committed by professional dacoits. These were committed in the Kundgol Taluka which is exposed to the Korchars of the Madras Presidency. One gang of these has been brought to book; others having escaped. The difficulties caused by the several jurisdictions adjoining the State are the chief cause of the failure of the Police to control the doings of these gangs.

43. Out of the total stolen property worth Rs. 10,993 the Police were able to recover property worth only Rs. 3,338. Of the total property lost, more than half (Rs, 6,324) related to the dacoities in Kundgol Taluka, committed by the Madras Korchars referred to above. The percentage of property stolen to property recovered rose to 30.3 from 20 of the last year. This shows some improvement in the Police work but the figures are not yet satisfactory.

44. The Police Patils and sanadis form the village Police force. These number 328. Most of the sanadis have got lands for their remuneration, while a few are paid in cash. They have assisted the District Police in the detection and prevention of crime. They would certainly form a very useful institution if their head, the Police Patil, were a man more competent and skilled in his work than what he now generally is.

45. There were 50 accidental deaths or suicides against 24 of the last

year. 31 cases of accidental fires took place during the year under report as against 39 of the last year. Property worth Rs. 3 045 was destroyed by fire.

46. 7 cognizable cases were taken up by Magistrates direct 16 persons were tried, 3 were convicted, 9 discharged, while 4 are being still tried.

47. I regret to note that the Magisterial work has not improved under this class of cases. Last year's circular pointing out to them the absolute need of thoroughly examining complainants before issue of process has not had the desired effect More efficient steps will be taken this year.

48. Non-cognizable cases rose from 79 to 107. Most of these were compoundable offences of no importance.

Criminal Justice.

49. There were 12 Criminal Courts. Appendix VIII gives the details of their work. The average duration of trial was 30.7 days. The rise in the average duration was due to the unavoidable delay in the trial of one case of grievous hurt before the 1st Class Magistrate, Jamkhandi. The chief cause of the long delay in this case was the absence of the complainant and witnesses who studiously avoided the Court's process repeatedly issued, by moving from place to place. Further, certain blood stained clothes sent to Bombay for being examined by the Chemical Analyser were not received back in good time.

50. In all 167 cases with 491 accused persons were tried. The work of the Courts was on the whole light. All the Sub-Judges in the State have been invested with powers of 1st Class Magistrate, with a view to try the experiment of separation of the Judicial power from the Executive in more important criminal cases. Only one Mamlatdar had to be invested with 1st class powers in the Bidri Taluka, where there is no Sub-Judge.

Court of Sessions.

51. Only one case of murder came up for trial before that Court. In that case, 3 persons were tried and two of them were convicted.

Appellate Work.

52. There were 3 Appellate Criminal Courts. Appendix IX gives the details of their work.

53. The Chief's Court or the High Court heard 4 appeals made by 6 appellants. In all of them the conviction and sentence were confirmed.

54. The Court of Sessions disposed of 5 appeals made by 8 appellants In 4 cases the conviction and sentence were confirmed and in one case further inquiry was ordered.

55. The District Magistrate's Court dealt with 5 appeals made by 8 appellants. In three cases the conviction and sentence were confirmed, in one they were reversed; and in the remaining one, further inquiry was ordered.

Civil Work.

56. One original suit, that was transferred to the District Court by special

orders of the Chief Sahseb last year, has been disposed of during the year. Appendix X gives the particulars of the work done by different Courts. The number of suits filed and disposed of during the year under review, as contrasted with that of the preceding year is given below: —

Year	Opening balance	Filed during the year	Total	Number disposed of	Balance at the end of the year
1914—15	164	889	1,053	866	187
1915—16	187	734	921	792	129

57. The majority of suits were for very small values. The total number of suits fell off considerably. This was due to the slackness of the season caused by the present war conditions, which have unsettled business of all kinds. It was also due to the indifferent character of the commercial crop-cut-turn.

58. 231 suits were disposed of *Ex parte*, 310 were compromised, 76 were struck off the file and 175 were other-wise disposed of. The average duration of suits was five months and thirteen days. In the Court of the District Judge it was one year and nine months. This was with respect to one important original suit, in which hearing had to be adjourned from time to time to give facilities to the parties to engage counsels and pleaders from outside, and to the examination of accounts for over seventy years. Appendix XI gives the number of applications for execution filed and disposed of during the year.

59. Revenue Courts are entrusted with the work of execution of decrees involving lands, as a tentative measure, as has been referred to in my last year's report. It has been decided to entrust this work to the Collector, for one year more, with a view to ascertain whether it would be desirable to continue this arrangement permanently. So far the results have been fairly satisfactory.

60. Appendix XII shows the results of appeals in Civil cases.

Ward's Estates.

61. Appendix A gives the particulars of the Wards' Estates. The Mamlatdars of Talukas and the Wahiwatdars of Thanas manage these estates under my orders.

62. There are in all 8 Wards under the care of the State. The total value of their property is Rs. 47,215 of which immovable property is worth Rs. 40,515. No. 8 is a new addition this year. One of the wards of the estate numbered 7 having attained majority, orders were issued to hand over the estate to him; on condition that he should give a surety for the share of the other ward in the estate. But as he has not as yet complied with this condition, the estate has still remained under the State management. The estates of Nos. 5, 7 and 10 in the last year's Appendix have been returned during this year. Such of the movable property as could be converted in cash, has been sold this year and proceeds deposited in the State Bank, together with the unspent balances of estates Nos. 1, 2, 3 and 7.

Mamlatdar's Courts Act.

63. During the year under report the Mamlatdar's Courts disposed of 61 cases as against 14 in the last year; in 31 cases the decisions were appealed against. Of these 3 were disposed of, upholding the decisions of the Mamlatdars; 28 remained pending disposal as they were admitted just at the close of the year. These are all sister suits and will follow the decision in the main suit The enormous rise in the No. of cases this year was due to the Inamdar of Nagnur having filed a number of suits against his tenants for eviction.

Extradition.

64. Seven persons were handed over to this State by British Authorities and all of them have been convicted. Two persons were surrendered to the British Governmet as against 12 of the last year. The result of their trial was not communicated to this State. It will be seen that there was no difficulty in obtaining extradition of accused persons from either side.

Prisons

65. At Jamkhandi, there is a Central Jail. It is a specious building and provides accommodation for all kinds of prisoners The arrangements for female prisoners are satisfactory. The Chief Medical Officer is the Superintendent of the Jail

66. There are, besides, two sub-jails; one at Kundgol and the other at Savalgi The Taluka Magistrates are in charge of these. There are lock-ups at Wathar and Mudhavi in charge of the Wahivatdars for short time prisoners.

67. The official and non-official visitors inspected the jail periodically as required by the rules.

68. There were five jail offences this year.

69. Hand looms are set up in the Central Jail on which, convict labour is employed to weave coarse cloth. The health of prisoners remained very satisfactory.

70. The average period of detension of accused under trial was 12.3 as against 11 6.

71. There were three civil prisoners as against 1 in the last year and two lunatics as against three.

72. Rations and clothing were given on the scale obtaining in the Yerodu Central Jail. The dietory charges per head were Rs. 56—4—0 per annum as against Rs. 48—12—0 of the last year. This increase is due to high prices of food stuffs. The total expenditure of the Jail was Rs. 4,031—0—7 against Rs. 3,445—15—7. The total amount realised on account of jail labour came to Rs. 1,425 against 1,046 of the last year.

Registration.

73. Though there is a fall of 689 in the number of documents presented for registration during the year, we shall find on comparison of the present year's figures with those of the three years preceding the last year, that the present year's figures are much above average; and that last year the rise was

abnormal. It follows that the registration work is progressing satisfactorily. There is a fall in the number of mortgages and sales. It is extraordinary that not a single money bond was registered.

Municipal Administration.

74. Appendix XVI. gives the details of the receipts and expenditure of the 6 Municipalities in the State. The incomes of all Municipalities except Saunshi have decreased, chiefly because of the fall in imports and consequent loss in octroi taxation. Further the last year's increase in the income of Jamkhandi Municipality was due to the recovery of arrears. Owing to the house tax being revised in Saunshi during this year, the receipts of that Municipality have shown an increase.

75. House-tax forms the principal source of income of the various Municipalities. Octroi is levied by all Municipalities except Hunnur. Jamkhandi Municipality has besides these a Toll, a water tax and a wheel tax.

76. Sanitation, general conservancy, lighting, road repairs and water supply are the principal items of expenditure. Besides these, small sums are contributed towards education and Dispensaries. The constitution of each body is shown below:—

No.	Name of Municipality	Members			
		Elected	Nominated		Total
			Non-official	Ex-officio	
1	Jamkhandi	7	7	7	21
2	Hunnur	...	6	6	12
3	Banhatti	...	7	5	12
4	Kundgol	...	8	8	16
5	Saunshi	...	7	7	14
6	Kamdoli	...	6	6	12

77. It will be noticed that in Jamkhandi Municipality the number of councillors was increased from 18 to 21 making the non-officials 14 and officials 7 only; it alone enjoys the right of election, while the rest have their councillors nominated by the Chief Saheb. A sort of *quasi* election is permitted in the other Municipalities. The village ryots nominate members through their Panch in consultation with the Mamlatdar. A list of such members is submitted to the Chief Saheb who approves them with or without modification with a view to adjust inequalities in representation and to eliminate undesirable elements.

78. The following table will show the population of each of the municipal

towns and the average taxation per head in each and the number of meetings held during the year:—

No.	Name of town	Population	Average taxation per head per annum.	Number of meetings of the	
				General Bodies	Managing Committees
			Rs. A. P.		
1	Jamkhandi	11,961	0--14—4	4	27
2	Hunnur	2,968	0—2—8	3	21
3	Banhatti	5,134	0—3—5	4	16
4	Kundgol	4,877	0—7--11	6	27
5	Saunshi...	3,729	0—5—7	5	20
6	Kamdoli	2,849	0—3--11	3	20

79. The Jamkhandi Municipality have managed their affairs fairly satisfactorily. The councillors take a lively interest in their duties. They show a fair public spirit and devote their private time for the benefit of the public very willingly.

CHAPTER IV.

PRODUCTION AND DISTRIBUTION.

RAINFALL AND CROPS. (APPENDIX XVII)

80. The total fall was less than last year in each Taluka except Bidri, where it was much above the average.

81. The Ante-monsoon showers were favourable, though not quite sufficient, except in the Jamkhandi Taluka. This helped the preparation of lands for cultivation in the Kharip tracts. The South-west monsoon began very well, and was well distributed in June and July. But in August the fall was indifferent. In September it favoured the Kharip crops of Jamkhandi and Bidri with copious showers. In Kundgol, however, it was insufficient though at the same time it helped the sowings in the Rabbi tracts every where. The North-East rains (October to December) were poor, though better than last year in Bidri and Kundgol as shown below:—

Taluka.	1915--16	1914--15.
	I. C.	I. C.
Jamkhandi.	3—55	5—30
Bidri.	3—91	3—12
Kundgol.	5—41	3—72

82. The Kharip and Rabbi area of the State in the different Talukas is shown below:—

Taluka.	Kharip area.	Rabbi area.	Total.
	A. G.	A. G.	A. G.
Jamkhandi.	10,003 – 5	89,662—25	99,665—30
Bidri.	25,057—19	71,749—36	96,807—15
Kundgol.	19,237—37	41,587—12	60,825— 9
Total.	54,298—21	2,02,999—33	2,57,298—14

It will be seen that the Kharip area is smaller than the Rabbi. It follows that the late rains are the main stay of the black soil tract which mainly grows the commercial crops.

83. The Kharip came up very well everywhere. Of the Rabbi crops, in Kundgol, cotton suffered very badly. This was because degenerate seed was sown and bad winds prevailed. Here, exotic cotton is sown, which requires very careful selection of seed. In Bidri the Rabbi out-turn was even less than that of the preceding year. This was due to the unfavourable winds upon which the good condition or otherwise of crops mostly depends. In Jamkhandi Taluka the rainfall being normal, the condition of crops was fair, although cotton did not fare as well as in the preceding year. In Wathar and Patkhal Thanas, the season was satisfactory.

84. Throughout the black soil tract, the cultivators have of late been less industrious and more careless in the art of cultivation, except perhaps in parts of Kundgol.

Prices and wages.

Appendix xviii.

85. The Kharip season was good everywhere; the prices of Jowari naturally fell. Those of Bajri remained stationary. The out-turn of cotton was much less than last year; as already stated exotic cotton failed absolutely in Kundgol; but indigenous cotton everywhere gave a moderate yield. The high prices that ruled therefore more than made up the deficiency.

86. Wheat prices remained practically stationary. This was apparently due to the fact that the wheat market was held up by Government orders which controlled exports to Europe, on account of the War, and laid down prices.

87. The result of the influences detailed above was that the staple grain was available even to the poor at moderate prices; and so was wheat.

88. The wages of skilled and unskilled labour ranged from 12 annas to 1 rupee and five to six annas per day respectively. The supply of labour being very limited the amount of work done by them is unsatisfactory. Though

price of labour ranges high, the quality and quantity of work returned is by no means proportionate. The employer has been a sufferer. The labourer has grown indifferent. The working hours have contracted; and the labourer has begun to dictate his own time limit and is able to do so on account of the fact that there is a marked decrease in the labouring population.

Experimental Farm.

89. The majority of population in the State are agriculturists. But the methods they follow in tilling and sowing of their fields require improvement, industry and care. Efforts are therefore being made in the direction of:—

a. inducing ryots to thoroughly plough up and clear lands soon after reaping; and exposing the soil to the Sun,

b. introducing machine implements, demonstrating their utility and advantages,

c. distributing good seed for sowing, and explaining the advantages of selection of such seed,

d. using disinfectants for protecting crops from disease,

e. using proper manures in a proper way,

f. breeding of a superior kind of agricultural and milch cattle.

The old class of ryots is becoming rare. His industry and intense interest in the vigorous condition of his land is disappearing. That generation of professional cultivators who owned their own land is at the other end of their life. There is more land than they can manage. The new generation of cultivators is lacking in enterprize and industry. But it is not wanting in intelligence and good sense. If they are well guided, they will take kindly to any improvement, which is properly shown to them by demonstration. With this object in view the State has kept for sale at the Farm a sufficient number of iron ploughs, wheels and concentrated manures. In order to enable ryots to avail themselves of these improved methods, loans are made available from the State Banks, at a small interest, and Takavi grants are being freely made to them. The use of iron plough and other implements is now and then demonstrated on the Experimental Farm. The utility of this plough in rooting out the rank weeds that destroy the fertility of the soil cannot be over-rated and I am happy to note that ryots have begun to realise this. During this year 39 iron ploughs have been sold.

90. The Experimental Farm at Jamkhandi has done some good work by way of demonstration in matters above mentioned. Good seed is being given to ryots on payment. This is collected from experts in the neighbouring Districts. Special arrangements have been made for this purpose. Disinfectants of seed have also been distributed. The new Superintendent is an Agricultural Graduate. He comes with a high recommendation from Dr. Mann, the College Principal. Till last year the Farm was managed by an untrained officer of the State.

91. Experiments of Cambodia, Broach and Kumptha cotton, and Jowari, Bajri, Chillis and Onions were tried. Experiment with Broach cotton showed that it requires a good deal of moisture. Experiment with Kumptha cotton was a total failure owing to Harali. Seeds of four different kinds of Jowari were

tried. The experiment on chillis was a complete success. Nitrate of Soda was found to be the best manure in the case of chillis. So far the experimental work is satisfactory. The receipts on account of the Farm produce amounted to Rs. 228-12-4 while the net charges came to Rs. 711-13-7.

92. The Farm was visited by Mr. Swali, the Superintendent of the Government Farm at Gokak. He was specially invited to visit the Cattle-Show at Jamkhandi. He made several valuable suggestions.

Forest.

93. The total area under Forest was 27.198 A. 22 G. including the area 1510 A. 20 G. under reserve Forest. Owing to scanty rainfall and the rocky nature of the soil no timber trees can be reared in this Forest. Efforts are being made to protect the forest and to grow new trees. There is no high forest. In Jamkhandi hills there is an under growth of scrub, only fit for fuel. The hills are mostly covered by over-growth of prickly pear. There is a sprinkling of Mashbal and Nimb. The total receipts of the Department were Rs. 5503 7-8 and the charges amounted to Rs. 2154-4-1. Grazing fees and fees on head-loads of fuel, form the chief source of Forest Revenue.

94. For the management of the forest areas, rules have been framed on the lines of the Indian Forest Act to guide the forest officer in his work. All the forests are State property. No private rights exist in them. The rates of grazing fees now charged are the same as in the adjoining British Districts. There were 25 petty forest thefts against 14 in the last year. There was only one case of Forest fire.

95. The hills in the Bidri Taluka have no sort of Forest on them. The grazing on them is permitted on fees. There is no Forest elsewhere.

Excise Revenue.

96. Appendix XXI shows the number of exise shops and revenue of the State from country liquor, toddy, hemp and opium. The Abkari rights of this State have been farmed to Government for a period of ten years from 1st August 1914 to 31st July 1924 for an yearly amount of Rs. 43,600/- payable to the State, subject to revision after the 3rd, 6th and the 10th year. Of this Rs. 2,733-1-1 are payable to Inamdars. The Hemp drug lease too has been farmed to Government for five years ending 31st March 1916; the yearly amount payable to the State being fixed at Rs 5346.

97. From opium sales, the State obtained an income of Rs. 1291 as against Rs. 1297 of the last year. This revenue represents the difference between the actual cost of opium charged to the State by the Government Depots and the fixed rate at which it is sold to the licensee per lb.

Trade and Manufacture.

98. The town of Jamkhandi, as observed in my last year's report, is slowly rising in importance as a cotton trade centre; and, is bound to develop erelong, when it is connected with a Railway line. Here there are altogether 5 gin factories including the State cotton Press and gins. Of these 3 are worked by steam engines and 2 by oil engines. In all there were 58 gins at work in Jamkhandi

town alone. This is the result of the experiment by demonstration of the State gins and Press, and it is satisfactory. It seems likely that the number of gin-factories will be multiplied year after year.

99. The cotton season of the year was not satisfactory, owing to the indifferent state of the cotton crop and contraction of the area under cotton due to the War. Consequently the State Press and gins were at work for only 21 days against 70 of the last year. 360 khandis of cotton as against 1218 of the last year were ginned and 3079 bales as against 5497 of the last year were pressed. The earnings amounted to Rs. 22,949 against Rs. 32,000. The working charges which rose enormously owing to high prices of materials for baling and pressing came up to Rs. 13,157 against Rs. 17,000 leaving a net profit of only Rs. 9,792 against 15,000, on an outlay of Rs. 1,15,000. The fall in the quantity of work turned out is also due to the fact that the work was distributed between the several gins that were started lately.

100. In the private gins, 3,330 khandis of cotton were ginned.

101. The daily average number of labourers employed during the season on the gins and Press was 177.

102. Cotton sales besides exports for sale, during the season at Jamkhandi alone amounted to Rs. 3,00,000 against Rs. 6,00,000 of the last year and cotton seed was sold to the value of about Rs. 70,000 against over a lakh of the last year. The prices of cotton and its seed were higher this year; as their supply was in-adequate. Naturally therefore on the principle of demand and supply the prices increased. All cotton sold was exported to Bombay and Sholapur.

103. In Kundgol Taluka there were 6 gins worked by oil engines and 52 hand gins. In all these 75 khandis of cotton was daily ginned.

104. The Boiler Inspection Act is in force in this State. The Mechanical Engineer of the State annually inspects all the gins to make sure that they are worked according to the rules under this Act.

105. There are in all 3,666 hand-looms at work in this State. Of these 3,555 weave coarse cotton goods, and 111 were used for weaving coarse blankets called Kambalis. Banhatti and the adjoining villages are small weaving centres. Dying yarn and silk and weaving are carried on there on a considerable scale. The method followed in dying is crude; but the cost is moderate and colours fast.

106. There were 81 oil presses for extracting Karadi oil. The wooden crude oil-presses with a pair of bullocks are being gradually replaced by oil-presses with a single bullock, as the former entails greater expenditure. Oil-presses with a single bullock are monopolised by Guzarat Telis and they have been carrying on this trade on a large scale. As the supply of Karadi is sufficient in this part, this trade promises to increase in course of time. But in order to secure this object, reformed methods ought to be introduced replacing old ones.

107. The Chief Saheb has in contemplation the starting of an oil machine press, and a set of looms to be worked with steam power which is available. There

are Boilers attached to the cotton Press and gin plant. These lie idle during a greater portion of the year. The scheme will be taken in hand during the year, as a demonstrative measure to encourage Capitalists; with a view to show that an amount of labour would be saved, and the out-put of the oil and cloth would increase.

108. Rice, Sugar, colours, spices, cocoanuts, Kerosine oil, timber, stationery cotton yarn, cloth, metals, glass-ware and other articles are the principal imports; while Jowari, cotton, wheat, oilseeds and oilcakes are the chief articles of export. The value of imports amounted to Rs. 14,92,939 against Rs. 13,93,807 and the exports amounted to Rs. 6,01,025 against Rs. 9,92,847 of the last year

Fairs and Shows.

109. There were in all 4 fairs held in the State during the year. They are as given below:—

(I) The annual cattle fair at Jamkhandi in the month of Chaitra. (May)
(II) The Basawana fair at Kadpatti in the month of Shravan (August)
(III) The Brahmadev fair at Kundgol in the month of Jestha (June)
(IV) The Venkoba fair at Kalhalli in the month of Ashwin (October)

110. In the cattle fair at Jamkhandi, 5118 against 6385 heads of cattle were exhibited. The cattle show has been a very useful institution.

111. The best produced articles in the State and the different kinds of foreign articles were exhibited at this Show. Different kinds of improved implements were also put up for exhibition and their use demonstrated.

Post and Telegraph Offices.

112. There are 8 Post Offices in the State and one of them is a combined Post and Telegraph office at Jamkhandi and one Telegraph office at each of the Railway Stations in Kundgol and Saunshi. There is no Telegraph office at Savalgi.

Mint.

113. There is no mint in the State.

Public Works.

114. The total expenditure on Public Works including establishment charges during the year amounted to Rs. 1,73,954-1-9 as against Rs. 1,82,135-5-6.

115. Appendix XIX shows the distribution of the amount of expenditure according to different subheads. The more important of the works either completed or in progress during the year under report are as shown below:—

Buildings

		Rs.
1	A residence for the Chief at Angol near Belgaum. Rs. 31,093 were spent on it last year.	11,916
2	Khasgi Karbhari's office.	5,148
3	Godowns for cotton in Jamkhandi.	1,914
4	Extensions to the Polo pavilion.	2,748
5	The Mansion-house alterations under construction.	560
6	Hospital Assistants' Quarters at Banhatti and the compound for the Jamkhandi Hospital.	4,304
7	School houses at Jamkhandi.	1,697
8	School houses at other places.	4,045

		Rs.
Asangi	...	800
Shegunshi	...	1,745
Shiddapur	...	1,500
		4,045

9	Risala lines under construction, ...		1,150
10	Bhuteshwar temple at Kundgol.		1,009
11	The Race-course.		2,150
12	Stables in the Ambarai.		6,058
13	Gymnasium at Ramtirth.		8,439
14	Additions to Kolhapur Bunglow.		15,233
15	Betdur Chavadi.		1,281

Roads

1	Jamkhandi-Bidri road under construction. Rs. 2,249 were spent on this road last year.	5,754
2	A bridge over the Nala at Rampur.	8,687

Water-works.

116. The construction of the Shiddapur Water-works is almost complete. Rs. 8,168 were spent on it this year, while the amount spent on it upto date was Rs. 75,756.

117. The Savalgi Water-works are almost complete this year. The scheme has turned out successful beyond all expectations.

118. The construction of a well at Kuibyal was completed this year, the amount spent on it being Rs. 1,620 in the year, the total expenditure on it being Rs. 3,818.

119. The State maintains a considerable number of roads. Their total length is 135 miles. The total cost on these for their up--keep during the year amounted to Rs 12,462. They have been maintained in a satisfactory condition.

CHAPTER V.

Revenue and Finance. (Appendix XXII)

120. The revenue for the year was Rs. 7,03,901 and the expenditure Rs 7,98,999. On the credit side there is an increase of Rs. 99,067. This is due to various causes. The chief of them are given below:—

			Rs,
(i).		Excise:– arrears of Abkari revenue for past year,	44,845
(ii).		Interest:– arrears of interest due on deposits in Banks for past year,	20,900
		On the debit side, the increases are given below:—	
B.		Refunds of occupancy prices	8,722
C.		Cost of Revision Survey.	3,429
E.		Cost of medicines due to War.	2,024
H.	1.	Cost of a bridge near Rampur.	8,686
	2.	Purchase of timber for P. W. buildings.	9,980
K.	1.	Expenses of the Chief in Europe.	20,000
	2,	Donations to War Funds.	5 000
	3.	Motor Ambulance granted.	18 000
	4.	On account of the birth of the Chief's second son.	9,000
	5.	Adjustment of the charges for the Munj of the Chief's Kumar Shrimant Appasaheb.	83,013
L.	1.	Items adjusted to proper heads.	93,259
	2.	Advances adjusted or to be adjusted to the Chief for expenses in Europe 30,000, for purchase of jewelry 30,000 and for purchase of paper 20,000.	80,000

Decrease.

(i)		Public instruction:– last year science apparatus was purchased at a high cost.	3 246
(ii).		Stamp:– Last year paper was bought for stamps.	1,807

121. The State Bank advanced Rs. 1,55,980 in all during this year; Rs. 49,125 being on land security and Rs. 1,06,855 on the security of gold. The total amount invested in the State Banks upto date is Rs. 3,89,829. The interest amounted to Rs. 18,543--8--10. The average rate of interest is $5\frac{1}{4}$ p. c. per annum. This institution has proved very useful especially in helping the poor agriculturists to pay off the debts incurred at a very high interest from money lenders. The indirect effect of the State Bank has been to lower

the rate of interest charged by Sowkars. At the out-set some difficulty was felt in inducing the ryots to take advantage of this institution. But now-a-days, they have begun to realise the fact that by borrowing sums from the Bank, they are greatly benefitted.

122. The investments in Government paper, Banks in Bombay and shares amounted to Rs. 9,62,122 and the interest earned thereon was Rs. 28,457. In all interest earned from all investments amounted to Rs. 47,000.

123. The financial position of the State balances is shown below:—

A	1	Closing balance at the end of 1915–16	1,68,337
	2	Fixed deposits with the Banks in Bombay.	1,25,000
	3	On current account with the Eastern, Bombay, India, National and Chartered Banks.	2,75,9
	4	Investments in Government Promissory Notes.	450,700
	5	Investments in the State Bank accounts.	3,89,929
	6	Invested in Shares etc.	60,740
	7	Fixed deposit with the Indian Specie Bank now in liquidation.	49,743
	8	Advances recoverable.	72,715
		Total A	15,93,003
B		Deduct:—	
	1	Deposits from various Departments	58,249
		Total available	15,34,754

124. It will be seen from the above figures that the financial position of the State is quite sound.

CHAPTER VI

Medical Relief and vital statistics.

Medical Relief.

125. The number of dispensaries during the year under report was the same as that in the last year viz. 4. The Prince of Wales Hospital at Jamkhandi is in charge of the Chief Medical Officer. The dispensary at Kundgol has been placed in charge of a Medical Graduate who was a State scholar while at College. The dispensaries at Savalgi and Banhatti are in charge of Medical Assistants. All these are charitable institutions.

126. The total attendance at these institutions was 30,568 against 33,541 in the previous year. The details of the work done by several dispensaries and the expenditure incurred on their account, are given in Appendix XXIII.

127. The prevailing diseases during this year were Malerial fevers, Worms, Plague, Dengue, Bowel complaints, Respiratory and Rheumatic affections, Eye, Ear and Skin diseases etc. 22 major and 1,394 minor operations were performed at these institutions during this year.

Vital Statistics.

128. The number of Births and deaths and other details are given in appendix XXIV.

129. Plague broke out in 46 villages and carried away 1698 persons out of 2183 attacked.

130. In this connection, it is satisfactory to note that the people of Jamkhandi freely resorted to inoculation during plague days. Their example is slowly but steadily being followed by the inhabitants of the neighbouring villages. The total number of inoculated persons was 5,360, among them there were only 17 attacks; and out of them only three succumbed to death. Neither Cholera nor Smallpox appeared in any of the villages of the State during this year.

Vaccination.

131. The Chief Medical Officer is also the Superintendent of Vaccination in the State. There is one Inspector to supervise the vaccination work of 4 vaccinators that are working in the State, one for each Taluka and a special man for the town of Jamkhandi, Hunnur and Banhatti. Vaccination with Glycerinated lymph has been in force in the State and it is supplied from the Government Vaccine Depot at Belgaum. The subjoined table shows the work done by the Vaccination Department as compared with that of the preceding year.

Operation by whom performed.	Number of persons vaccinated in		Results				Remarks.
			Successful		Unsuccessful		
	1914-15	1915-16	1914-15	1915-16	1914-15	1915-16	
Jamkhandi town Vaccinator.	...	708	...	653	...	10	45
Jamkhandi Taluka Vaccinator.	*1791	1097	1761	1028	6	12	57
Bidri Taluka Vaccinator.	839	798	816	769	4	5	24
Kundgol Taluka Vaccinator.	856	860	772	795	5	8	57
Total.	3,486	3,463	3,349	3,245	15	35	183

183 Persons vaccinated were not present for inspection against 122 of the last year.

*These included the figures for the Jamkhandi town last year.

122. The Chief is very thankful for the aid given by the Deputy Sanitary Commissioner S. D. R. D. The improvements now and then very kindly suggested by him were promptly attended to.

SANITATION.

133. There is no special establishment to look after Sanitation. In large towns the sanitary work is entrusted to Municipal Committees, while in other places village and Taluka officers look after it.

CHAPTER VII.

EDUCATION.

134. Appendix XXV gives details about Schools in the State. During the year under report one new Kanarese School was opened in the Kundgol Taluka.

135. There is one High School at Jamkhandi, one 1st grade Anglo-vernacular School at Kundgol, one Sanskrit Pathshala at Kundgol and 76 Vernacular Schools.

136. Among 76 primary schools, there are 50 Marathi schools including 2 girls' schools and one Dhed school, 25 Kanarese schools, including one Girls school and one Urdu school.

137. The number of pupils on the rolls in all these schools was 5,133 against 5,313 of the last year. The average attendance was 3,361 against 3,775. The percentage of pupils receiving instructions at these Institutions to the entire population was 5.2 only.

138. The number of Girls' schools remained the same as in the last year *viz.* 3. Of these one is at Jamkhandi; one at Kundgol and one at Banhatti. Elsewhere there are girls' classes attached to boys' schools. The total No. of girls under instructions was 596 against 711 of the last year.

139. There is one separate school at Jamkhandi for low caste boys and else-where they are freely admitted in the same school with other boys. The total number of low-caste boys was 149 during the year under report. Small scholarships are given to these boys in order to induce them to attend school regularly and cooked food is given to some of the boys in the advanced classes in the Dhed School at Jamkhandi.

140. There is one separate Urdu school at Jamkhandi and two Urdu classes in Kundgol and Kamdoli boys' schools. The number of pupils attending this school and classes was 168 against 184.

141. There is one Sanskrit Pathshala at Kundgol. The number of pupils attending it was 14 against 10 in the last year. It is doing good work.

142. The Anglo-Vernacular school at Kundgol is progressing well. It had on rolls 79 boys against 61 and the average attendance in it was 71 against 57 of the last year. It is working satisfactorily.

143. The Inspector of schools visited all these Schools as usual during the year. Out of 3,097 pupils presented for examination 2,033 passed.

144. At the instance of Major E. O'Brien the then Assistant Political Agent S. M. C. States the experiment of removing schools to huts in plague days was attempted for the first time in some villages during this year and it bids fair to become successful in course of time.

145. Besides the above 76 Primary Schools, there are two indigenous schools with 21 boys.

146. The P. B. High School has a good staff and good accommodation. During the 1st term of the year the number of boys had risen upto 394. But during the 2nd term, it fell on account of plague. The average monthly attendance throughout the year was 367 against 350 for the preceding year. The Chief Saheb has lately sanctioned the addition of two more graduates to the staff. The school sent up 18 students for the entrance-examination out of whom 7 passed.

147. The total expenditure incurred during the year on education amounted to Rs. 38,586-3-9 as against Rs. 41,832-8-11.

148. Besides maintainiig a well equipped High School at a high cost, the State incurred an expenditure of Rs. 2352 by way of scholarships to deserving students attending various Educational Institutions. The details of which is given below:—

Name of Institution.	No. of students.	Amount.
The Law Class.	1.	399
The Engineering College.	1.	360
The Arts Colleges.	3.	840
The Victoria Technical Institution, Bombay.	1.	300
The Hospital Assistants Course.	2.	432
Midwifry Course.	1.	120
Total.	9.	2,352

149. The Chief Mechanical Engineer of the State Mr. Pote is the Superintendent of the Mechanical Institute of Jamkhandi. This Institute has all the needful means of imparting useful education in Mechanical Engineering The Superintendent sent up 3 candidates for the examination of the Mechanical Engineering; of whom 1 passed in the 2nd and 1 in the 3rd class. There is attached to this Institution a class in which Motor Driving is taught. There are 14 students in it.

CHAPTER VIII.

Miscellaneous.

Printing Presses.

150. The State maintains one Press for doing State work. This Press was brought up to the growing requirements of the State printing work. The cost

of the maintenance of Establishment and of the purchase of machinery and type amouted to Rs. 7051. The earnings of the Press amounted to Rs. 149. In Jamkhandi town, there is a private Press for job works. No newspaper or periodical is published in the State.

Libraries.

151. The total number of libraries and reading-rooms in the State was 7 as in the last year. All of them are registered.

Destruction of wild animals.

152. There are no tigers in the hills. There are a few panthers. None was shot during the year under report. Owing to the cover afforded by the enormous growth of prickly pear in the hills, wild boar has become a growing evil to the standing crops in lands, which adjoin the hills. These are being destroyed from time to time; but their total destruction has become very difficult.

Railway.

153. The proposals for constructing the Link Line of Railway between Chinchli and Bagalkot via Jamkhandi are now before Government.

The Gokak Canal.

154. Jamkhandi Branch:— As I said in my last year's report, the Gokak Canal scheme is believed to have been sanctioned by the Government. The Jamkhandi State has agreed to have a branch system of Canal at the cost of the State for irrigating a large area on the Southern side of the Krishna valley If this tract is irrigated it will afford a complete protection from famine. It is believed that under the present state of the finances of Government, the scheme has to be put off indefinitely.

Inam Settlement.

155. In this State there are a number of Inams which have been in an unsettled condition.

State Karbhari's tour.

200. I visited the Kundgol Taluka where I had been for Jamabandi. Owing to ill-health, I was prevented from visiting the other Talukas and Thanas as I had done last year. Mr. G. K. Hulyalkar, Survey Settlement Officer, who was in charge of my office during my absence, was therefore deputed to complete the Jamabandi work of these Talukas and Thanas. The Taluka and village accounts have been carefully examined.

Condition of the people.

157. The bulk of the population are agriculturists. What they therefore want most for their material prosperity is a good season. The Kharif rainfall was everywhere seasonable and sufficient. The Rabi rainfall was not so, but was fairly sufficient for crops which yielded a fair out-turn. These, except cotton, were on the whole good. Prices of food grains too were normal. The out-turn of cotton this year was not satisfactory. But cotton fetched a high price in the market during the year under report. What the agriculturists there-fore lost in quantity this year, they gained in price. Fodder supply was plentiful. There was sufficient supply of drinking water in all the Talukas and Thanas except Kundgol. The Chief Saheb specially visited Kundgol to see what could be done in the matter of water-supply to that Taluka. He has lately sanctioned the survey of a Nala and its water shed near Kundgol with a view to construct a reservoir. If this is taken up it promises to supply water to the two important towns of Kundgol and Saunshi, and two more villages of Kamdoli and Kuibyal. The water-works for the town of Savalgi are complete, and that has now been a lasting boon to the people of that town. The Jamkhandi Town water-works are now complete. The ryot has obtained all the advantages of good communication to send the produce of his field to the market. The only want is a good Railway, which it is hoped Government will soon sanction.

158. The State has done its best for the ryots for giving them primary as well as secondary education which is free in both cases. Higher education is being encouraged by grant of scholarships in Colleges to deserving students. The local industry of weaving is progressing. The manufacture of oil is steadily increasing. The great War now in progress has however disorganised business. Cotton trade was indifferent. The relations between the capitalists and the debtors are satisfactory. The State Bank has reduced the rate of interest to a fair level. The ryot is taking full advantage of the State Bank. He is being gradually free from the clutches of the greedy Sawkar. Prices and wages go hand in hand. The rise in wages leaves a fair margin for the labourer. His condition is satisfactory. The artizan class specially is in a flourishing condition. The general health of the population was on the whole good.

159. It will thus be observed that the economical condition of the people during the year was satisfactory. The great War, which has so much destroyed the material happiness and prosperity of man-kind in Europe has not much affected the well-being of the people here. This is due to the kind protection afforded by the powerful arm of the British Government, though the indirect effects of the War are being felt. Along with the whole Empire the people of this State are looking to the Almighty to bring the terrible War to a successful and speedy end.

Concluding Remarks.

160. The above is the record of the year's Administration of the State. It will be seen that it is satisfactory on the whole. By the grace of God the season was satisfactory. Land yielded a sufficient out-turn of crops. The condition of the ryots, craftsmen and labourers remained satisfactory. The relations of the people with the Chief continue cordial. This was best observed in the grand welcome given by them to the Chief on his return from the War Front. His efforts and anxiety for their welfare and progress are fully appreciated by

them. Their health, education of their children and their general wellbeing are his special care. The financial condition of the State continues quite sound. The Chief is gratefully aware that the results so far attained in his administration of the State are due to the wise counsel he has from time to time received from you and Major E. O'Brien' in important matters; for which he is extremely thankful.

I have the honour to be
Sir,
Your most obedient servant

K. B. Moghe.

State Karbhari, Jamkhandi.

Through:—

THE ASSISTANT POLITICAL AGENT,
S. M. COUNTRY, KOLHAPUR.

K. B. MOGHE.

State Karbhari Jamkhandi.

No. 440 of 1917.

STATE KARBHARI'S OFFICE,

JAMKHANDI, 7th July 1917.

FROM,

RAO BAHADUR K. B. MOGHE,

STATE KARBHARI, JAMKHANDI.

To,

COLONEL F. W. WODEHOUSE, C. I. E.

RESIDENT KOLHAPUR AND POLITICAL AGENT,

S. M. Country States,

KOLHAPUR.

SIR,

I have the honour, as directed by the Chief, to submit to you the Annual Administration Report of the State, for 1326 Fasli.

CHAPTER I

GENERAL AND POLITICAL.

2. The State has three Talukas and three Thanas. The latter being in distant British Districts, their Administration is both costly and inconvenient.

The area of the State is 524 square miles, and population 1,00,304, and its gross average revenue excluding Inams is Rs. 6,36,731. An annual tribute of Rs. 20,515 is paid to Government.

3. The health of the Chief and of his family has been good. His age is 34; and that of his son is 11, and of his daughter 4. The former is learning the 2nd A. V. Standard.

4. The noteworthy event of the year was the visit of His Excellency the Governor to Jamkhandi in the middle of April, in connection with the Annual Cattle Show and the Agricultural exhibition. His Excellency sojourned at Jamkhandi for a couple of days only. He visited these institutions on 14th and there His Excellency was given an address by the Agricultural Association. Another was given by the Municipality of Jamkhandi. The usual official visits and return visits were paid with all due ceremonials.

5. The Chief attended the Darbar of the Sardars, held by His Excellency the Governor of Bombay, in the month of July 1916, at Poona.

6. He was appointed His Excellency's Honourary Aix-de-Camp during the year.

7. He made an official tour of inspection in Savalgi, Jamkhandi and Kundgol Talukas, and visited also Shirvade and Wathar, and saw for himself the condition of the crops and of people. The more important work he performed in his tour was in connection with the recruitment of men for the Army, and the raising of the War Loan. The water works at Savalgi, the irrigation tank at Gadyal, the survey for the water works scheme in Kundgol, the developement of cotton industry in Jamkhandi and Kundgol, and construction of new roads to facilitate traffic, are some of the matters which engaged his attention during his tour.

8. The donations so far made by the Chief and his subjects for different War Relief Funds are tabulated below:-

No.	Name of Fund.	Amount remitted.	By the Chief & Shrimant S. Rani Saheb.	By the Subjects.
		Rs.	Rs.	Rs.
1	The Imperial War Relief Fund.	19,488	5,000	14,488
2	The Prince of Wales. do	6,000	6,000	...
3	The Belgian ... ... do.	3,000	3,000	...
4	The Indian Soldiers' Hospital South England, ... do	1,500	1,000	500
5	The Lady Willingdon, do	7,000	2,000	5,000
6	The Motor Ambulance Unit.	18,000	18,000	...
	Total.	54,988	35,000	19,988

9. The question of enlisting recruits in the State has engaged the special attention of the Chief. What the revenue and Police officers failed to do, so far, the Chief has been able to do personally by inducing some men at least, to enlist. Certain events have struck terror into the minds of the people. Not being educated, and not in touch with the sentimental part of duty, and being altogether ignorant of patriotic or martial life, the ignorant masses are naturally disinclined to enlist. There are inherent difficulties in overcoming these draw-backs. A sense of patriotism has to be infused. That is uphill work. Here, however, the personal weight of the Chief has been of great use. So far, he has been able to send up 33 men of whom only 13 have so far passed the required test of approval. A further batch of 25 men are ready.

10. The Chief presided at a large special public meeting at Jamkhandi in February last; where, he advised the people very impressively to invest their savings whatever they be in the War Loan. The desired effect was produced; and every one consented. The work of collection is going on apace. It is hoped that the collections will come to a fitting contribution from this State, which is expected to be about a lakh.

11. The War Ordinances issued by Government have been extended to this State, so far as they could be made applicable.

12. Your visit to Jamkhandi and those of your Assistant have been very

helpful indeed, in matters of Administration and specially in connection with His Excellency's visit to this Town. The Chief feels extremely grateful to you and to Lt-Col. Condon for the advice and suggestions so sincerely given to him from time to time.

13. Suspicious characters trying to enter State limits were being constantly watched. A protective watch has been kept on the Railway line and bridges in State limits. There are no Political Clubs or Societies in the State. Students in schools are protected from ideas of extremism. Strict obedience and discipline are enforced. People are loyal. Their relations with the Chief are satisfactory. The political relations of the Chief with the Paramount Power and with the adjoining Native States have been cordial.

14. The British Police of adjoining Districts and the State Police have exchanged cordial help in suppressing crime. Mr. Limaye, the Foujdar mentioned in last year's report was given a special reward by the Inspector General of Police for such help. Mutual extradition of criminals was prompt. The excise officers of Government who manage the State revenues in Abkari, were helped by the State Police in suppressing smuggling and other illegal practices.

CHAPTER II.

Land Revenue Administration.

15. All lands have been settled. The revision of rates has been completed in Kundgol. That of Jamkhandi Taluka is nearing completion. The details of work so far completed are given below :-

Year.	No. of villages worked.	By former Survey		of these remeasured.			
		S. Nos. in the villages.	Area.	whole Nos.	Nos. having sub-divisions. S. Nos.	New made.	Area.
			A. G.				A, G.
1915-16.	16.	2947	6,2226-35	307	370	813	10841-32
1916-17.	19.	3798	70,883-26	930	1020	2451	23394- 8
Total—	35.	6745	1333110-21	1237	1390	3264	34236-0

Maps for areas completed in Kundgol have been supplied to the villages. All other papers are ready.

16. The system of operations described in para 27 of my last year's report, has been extended to the Jamkhandi Taluka. The partial measurement and classification, and the recording of sub-divisions and their reclassification are its main features. The basis of the new rates will be the recognised principles of assessment adopted in the adjoining Government villages. For administrative purposes Inam villages will also come under the operations.

17. Details of the arable land and its revenues are shown below :-

Year	Occupied area	Net Revenue demand	Collections	Unoccupied assessed land	Its assessment	No. of notices issued
	A. G.	Rs.	Rs.	A. G.	Rs. A.	
1915-16	308475-14	Arrears 25293 Current 433497 458790	430684	611-36	490- 2	1855
1916-17	308512-13	Arrears 28106 Current 433497 461603	437785	574-37	388-15	1478

There was no need of coercive process. The net increase in area taken up was 36 A. 39 G. Nearly all outstandings will be collected. About 25 p. c. of the gross assessment is inam as shown below :-

Name of Inam.	Assessment. Rs.	Alienation. Rs.
(1) Personal Inams.	32,838	28,754
(2) Devasthan Inams.	9,982	8,946
(3) Pargane Service, Inam.	39,477	27,810
(4) Village service Inam.	1,09,853	37,255
Total.	1,92,150	1,02,765

18. For improvement of land, for purchase of agricultural implements and purchase of cattle Takavi was given to the amount of Rs. 1853-12. Loans for similar and other purposes were given to people from the State Bank to the amount of Rs. 2461. The average rate of interest was 5 ¼ p. c. The security taken is land or gold. This low rate of interest has done an amount of good to the ryot.

CHAPTER III.

PROTECTION.

19. Appendix II shows the Acts and Regulations in force.

20. There is no military force in the State.

The detail's are given in Appendix IV. The discipline of the force was good, on the whole. 293 men including the Sowars are armed. 247 carry fire-arms; of which only 50 are breech loaders: the rest are muzzle loaders: and others carry swords. The ratio of police to population is 1 man to 276·32; and to area 1 man to 1·5 square mile.

22. Appendices V to VII show the working of the police in dealing with crime.

Serious crime decreased. No murder or culpable homicide was committed.

The one pending case of previous year, still undetected, relates to Kundgol, where criminals have best opportunities to escape either in the Kanara jungles or in Mysore territory. The percentage of recovery of stolen property has risen well.

In cases dealt with by Magistrates, direct convictions have improved.

23. The village police strength is 328, and is managed by patils. And it is the chief help to the District police.

24. Accidental deaths and suicides fell from 50 to 27. There were 31 cases of accidental fires, destroying property worth Rs. 1518 only.

Criminal justice in Courts.

The average duration of trial fell from 30.7 to 14.4 days. This is satisfactory. The work was light Three Sub-judges are First Class Magistrates also; all law graduates of experience. The work was satisfactory on the whole.

26. The appellate work was very light. The very few appeals and the smallest number of reversals show that the work of the courts was satisfactory.

Civil Work.

27. The bulk of the work increased. The increase was marked in the Jamkhandi Court. A good proportion was disposed of. Of the closing balance a large number was filed at the end of the year. The average duration of trial was smallest in Jamkhandi Nyayadhish Court (Appendix. x.)

28 The Collector was entrusted with execution of decrees involving lands, with benefit to the parties. 78.3 per cent of the applications for execution of decrees were disposed of. (Appendix XI)

29. About 10 percent of the decrees were appealed against of which 24.4 p. c. only were either reversed or amended. This shows that the quality of the work of the Courts was satisfactory.

Wards' Estates

30. Details of these are given in Appendix A. Six more estates have come under the State management. All the estates have profited by being taken up. The income and balances have mostly increased. Of the 13 estates, 9 belong to minors having no capable elders to manage them, and the rest belong to persons, who were found to ruin them owing to wasteful habits, family disputes etc. The cash balances of the larger estates are invested either in the State Bank, or in the Savings Bank and in Promissory Notes, after deducting sums required for current expenses.

Mamlatdar's Courts act.

31. Only 20 cases were filed, all of which were disposed of. There was no appeal. The 28 appeals filed at the end of last year have all been disposed of.

32. There were only two extraditions from British Districts and two from other Native States. All accused were convicted.

PRISONS.

33. Appendix XIII gives details of their working. There was a fall in the number of prisoners in the sub-jails. But the daily average in the Central Jail increased. The discipline was good. So was the health of the prisoners. There were only 3 jail offences against rules. One prisoner escaped while employed on work. He is yet away.

The Jail accommodation is sufficient. It was periodically visited by visitors appointed for the purpose.

There were 7 civil prisoners, and a lunatic. The Chief Medical officer looked after the Central Jail.

REGISTRATION.

34. The work of the Registration Offices increased 25 p. c during the year, as shown in Appendices XIV and XV. which give very full details of the work done. The reason of this increase may be ascribed to the prosperity of business on account of high prices of cotton and other crops. The income of the department has proportionately increased. The previous year's figures pointed to a fall from normal state of things. This has been nearly restored.

MUNICIPAL ADMINISTRATION.

35. Appendix XVI gives its details. The incomes have slightly increased. The taxation schedules have been revised in Kundgol and Saunshi and Kamdoli. The extra balance of Jamkhandi is invested in the State Bank. Banhatti shows a fall in income owing to War conditions. Dyes being scarce and overcostly, the dying industry has suffered: and imports have fallen.

Jamkhandi alone elects its members. There is no change in the last years constitution. Ths managing committees met more often, except in Hunnur, where the Municipality is not working satisfactorily. The General bodies have met once a quarter. The working of all Municipalities except Hunnur was satisfactory.

CHAPTER IV.

PRODUCTION AND DISTRIBUTION.

36. RAIN FALL. The hot weather storms were useful for preparation of lands The monsoons were very favourable. Kharip crops seemed to be at their best. But when unusual weather set in in November and sweeping storms and abnormal weather prevailed for a week continuously, Kharip was practically destroyed. Rabbi was belated owing to excess of moisture. Very favourable winds, however, subsequently prevailed and saved the situation. (Appendix XVII)

37. THE SEASON. The Kharip area being small, the damage, which was complete, was limited to that area only. The Rabbi tract maintained its position. Prices of cotton and wheat got high. This benefitted the ryot very well indeed Thus the season was satisfactory on the whole; the out-turn of crops being, cotton 12 annas, wheat and gram 8 annas each, Rabbi Jowari 6 annas.

Prices and wages.

38. Prices of staple food grains rose enormously. This was natural, Kharip having been damaged. The rise was 45 p. c. in Kundgol, 40 p. c. in Savalgi and 30 p. c. in Jamkhandi. In their anxiety to secure the largest profit, the ryots have sown larger area with cotton 92,183 acres as against 50,776 acres last year, and neglected the staple crops. Old stores of Jowari and Bajari had to come for help.

Prices of cotton have increased considerably. That has brought more money to the ryot.

39. Wages have been showing a continuous rise for skilled as well as unskilled labour. The former was one rupee and the latter 8 annas. The demand for labour has increased. The supply is small, and the workman is now in a position to dictate his own terms. Prices of staple grain having increased the rise in wages is natural. The capitalist does not mind the increase in his industrial enterprises. The reflex effect on others however is unfortunately serious, as incomes do not increase in every quarter.

The special feature of this labour question is that the quality and quantity of work turned out compare badly with the cost. The labourer does not care to improve his work. The worst effects of this are felt in the cost of the articles produced, by the general buyer. The matter is serious and shall require a solution as soon as may be.

The State Experimental Farm.

40. The methods of agriculture in the State require improvement. They are in their retrograde condition. The tenacity of the old cultivator in doing his best for his land is on the wane. The habits of industry and rigid economy and hard and persistant work on their "mother earth" are flagging. The reason is that the ryot possesses land more than he can manage. His style of living is changing. Habits of a town life are attracting the peasant's younger generation, as cotton is bringing them more money. Fortunately these evils have not spread much as yet.

With a view to improve the methods of cultivation the State Farm is introduced. Here, ploughing up and clearing land at proper times with improved implements, selection of good seed, using remedies to disinfect it with chemicals and using proper manures are demonstrated. These demonstrations are attracting notice, and are producing beneficial results. Experiments on different kinds of cotton, white Jowari and Bajari, Chillis, Japan and irrigated wheat, and on Onions and Cabbage were made.

41. The Annual Cattle fair and Agricultural Exhibitions held in April last brought many instructive and valuable exhibits for the benefit of agriculturists. Improved implements of agriculture were shown. A new drilling machine designed by Mr. Joshi of Jamkhandi was found very useful and was approved with praise by His Excellency the Governor and the high Officers of the Agricultural Department, who visited the Shows. Demonstrations of Gul manufacture, threshing corn, drilling, ploughing, butter making were shown by professional experts. Manures of all sorts and their uses were explained. A series of lectures by experts in the different branches of agriculture were given to the assembled

ryots. Various points were raised and were explained. Both the ryots and the State were gratified at the results. The State owes a deep debt of gratitude for the very sincere and hard work undertaken and most sincerely performed by the officers of the Agricultural Department, and for the very keen interest taken by His Excellency the Governor. His visit to these Shows, it is hoped, will inaugurate a new era of agricultural regeneration of the State, if systematic and sustained attempts are made to keep up the interest created.

42. Owing to the change in the date of the Cattle Show, the number of cattle exhibitted was only 3685 as compared with 5118 last year. Some 214 prizes were awarded, and 7 medals were won. The total value of the awards was Rs. 2000 from the State. To this was added a special prize of Rs. 50 by His Excellency Lord Willingdon for the best bred cow and its calf which was aproved by him. To the address presented by the Agricultural Association His Excellency made a suitable reply, and promised that the Irrigation project of the Ghatprabha river, which will supply water for the Jamkhandi branch canal, will be taken up by Government as soon as the present War conditions cease.

Forests.

43. The area covered by them is 27198 acres; of this the reserved forest is 1510 acres. Conservancy and afforestation continue to be attempted. The forests supply fuel and grazing. There is no timber in them. An experienced Forest officer is in charge of the Department. A superficial survey of minerals in the Forest was made in the year. A more satisfactory verification of the results will be undertaken next year. The year's receipts amounted to Re 5551 and charges to Rs 1735.

Excise Revenue.

44. Appendix XXI shows details. The country spirit and toddy farm has been leased to Government. That of Hemp-Drugs is going to be renewed Government are considering the question. The existing lease terminated on 1st April 1916. The sales have increased.

Trade and Manufacture.

45. Jamkhandi has improved its cotton trade. The State Press and gins opened for demonstration have induced four other factories to open. In all 62 gins worked in the town. Kundgol Taluka have three centres with 52 gins. In all 10623 Khandis of cotton was ginned in Jamkhandi alone; and about 8000 bales will have been pressed by the end of the season, which still continues. There was brisker business in cotton than in last year. Prices having risen, old stores are being brought out. The factories were worked under the Act under proper supervision. The State Press worked at a cost of Rs. 35712, and produced a net income of Rs. 24,010. The satisfactory nature of the season, explains the increase notwithstanding the business done by other factories. The average daily number of workers in the factories varies from 177 to 232. The Chief Mechanical Engineer inspects all the factories.

46. Cotton sales on the spot, besides exports for sale elsewhere, amounted to 15 lakhs in Jamkhandi alone. In Savalgi Taluka they amounted to Rs. 2 lakhs and in Kundgol to Rs. 1,95,000.

47. Hand loom industry suffered slightly for want of dyes and dyed yarn. 113 out of 3644 looms weave blankets. All others weave Sadis, Dhotirs etc.. German dyes are being replaced by country colors. There is considerable dying industry in Banhatti and round about.

Oil presses have increased. Oil is pressed in old country presses. The business is paying. Prices have increased; and the oilmen are making money. There is ample supply of Kardi; it can supply a good field for a machine Presser.

The Chief had to postpone the fruition of his idea of attaching an oil press and looms to the Boilers at the State factory. That means machinery, which is difficult to get in the war times.

48. The articles of imports were the same as were mentioned in the last year's report The exports are oils, oilseeds, oil-cakes, wheat and cotton chiefly. The total imports are estimated at the value of Rs. 27,09,820 and the exports at Rs. 23,07,850.

49. Including the cattle fair at Jamkhandi, there were 4 fairs, at Kadpatti, Kundgol and Kalhalli.

50. The number of post offices remained unchanged.

51. There is no mint in the State.

Public Works Department.

(Appendix XIX)

52. The total expenditure on public works was Rs. 1,66,120-14-6 The more important works executed were :- Original works - (1) Completing the Summer-house Rs. 70232; (2) mechanical lines (Rs. 5080); (3) a Gymnasium at Ramtirth (Rs. 1900); (4) the Guest house (Rs. 5614); (5) Hospital addition (Rs. 2269); (6) Bhuteshwar Temple, Kundgol (Rs. 1387); (7) Jamkhandi Bidri road (Rs. 2393) ; (8) School at Shiddapur (Rs. 1350); (9) Shiddapur Water works (Rs. 2319); (10) Savalgi Water works (Rs. 3002); (11) contribution for a causeway over the Hire-hall Nalla (Rs. 5000), and (12) Race Course (Rs. 3344). For repairs to buildings (R. 14657) and to roads (Rs. 10281).

The Summer--house was completed for putting up His Excellency the Governor and other Guests in last April. The Water works at Shiddapur and at Savalgi were completed. The road to Bidri is an important one and when complete would join the State with Bijapur District via Mamdapur. The total length of roads maintained is 135 miles.

CHAPTER V.

Revenue and Finance.

53. Appendix XXII shows full details of income and expenditure.

54. The years revenue was Rs. 6,93,271-3 0. with a fall of Rs. 10,629-14-0, which is a nominal figure, as may be gathered from the explanations of increases and decreases given in the Appendix.

55. The income from the revenues remained practically normal. All outstanding arrears were collected. The debt accounts do not affect the permanent revenues of the state.

56. There is no special feature on the debit side worth noting, the increases and decreases having been explained in the Appendix.

57. The State balances are in a sound condition. In addition to the cash closing balance, there are investments in Banks Rs. 4,67,778, in the State Bank Rs. 3,54,189, in Government Promissory Notes and Loans Rs. 5,56,300, in shares of Companies Rs. 60,740, and in advances to be adjusted Rs. 1,10,098. These with deposits to be repaid Rs. 99,487 leave the total figure of the State balance at Rs. 15,36,631. The investments brought interest, so far paid up to Rs. 46.113 for the year.

58. The State Bank is working satisfactorily. Loans are given at an average rate of interest at 5½. p. c.

CHAPTER VI.

Medical Relief.

59. Appendix XXIII explains the work done at the different institutions. The attendance of patients increased. The cost of the maintenance too has increased owing to scarcity of medicines, due to war conditions. The working of the Hospital and Dispensaries was satisfactory.

60. The vital statistics are shown in Appendix XXIV. The birth rate and death rate per mile have improved. There was less plague than last year. Inoculation was done in Jamkhandi and Kundgol to 3378 persons, of whom 4 got an attack, but none died.

61. Vaccination was successful in 3343 cases out of 3489 in the year. There were 54 revaccinations. The work was done by four vaccinators, supervised by one Inspector. The Deputy Sanitary Commissioner S. D. checks the work.

CHAPTER VII.

Education.

62. Appendix XXV gives all details. Primary education is free Both, the number on rolls and the average attendance, increased in all schools. The progress was satisfactory. Though the language of the masses is Kanarese, the number of Marathi schools is larger than that of Kanarese. Steps have been taken to ensure that education is given in the language of the pupils. Already in some Marathi schools the last three standards are teaching Kanarese. 19 boys appeared for the Vernacular Final, and 8 passed. Female education is receiving attention. At Jamkhandi a Trained Head Mistress is in charge. Female teachers are difficult to get.

63. The education of the backward classes is making a slow progress. The attendance was 150 in all. All practicable encouragement is being given to the pupils, in free boarding and scholarships.

64. The Inspector of Schools visited them. Out of 2645 presented, 1811 passed. It will be noticed that the number presented was small, on account of plague in some villages.

65. The English Schools made a good progress. The Kundgol school attendance fell. The P. B. High school sent 20 students for the matriculation of whom 10 passed. The staff is sufficient and efficient. The teaching follows the Government Departmental methods and standards. Five students sent up from Kundgol for examination in Drawing have all passed.

66. Higher education was encouraged by the State by grant of special scholarships to 11 students, in the different Colleges. The cost was Rs. 2880. Six studied in Arts College, three in Medical College, one in the Technical Institute and one studied Law. Rs. 2363 were given as rewards to writers of books.

67. The Mechanical Institute Jamkhandi is teaching 15 students. Out of these 9 passed the examination in Motor driving.

68. The total expenditure incurred on education was Rs. 43,888--13--3.

CHAPTER VIII.

Miscellaneous.

Printing Presses.

69. The State maintains one Press for doing State work. In Jamkhandi Town, there is a private Press for job works. No Newspaper or Periodical is published in the State.

Railway and Canal.

70. The proposals of the Chief as regards the Chinchli Bagalkot Railway have been approved by Government. Owing to the difficulties of the War times, the commencement of the work will take time. The same remarks apply to the work of Jamkhandi Branch of the Gokak Canal Scheme. The State has been assured that the two works will be taken up soon after peace conditions are restored.

Tours of Inspection.

71. The Jamabandi was completed in good time. The Taluka and village accounts and records were examined. Kulrujvat and field inspection was made. The Mamlatdars and the State Karbhari made the usual tours. Schools and Dispensaries were visited. Petitions were attended to and disposed as soon as may be. A successful attempt has been made to reduce correspondence, and enforce prompt disposal of work.

The condition of the People.

72. The economic condition of the people is on the whole satisfactory. It is true the Kharip crops badly suffered. But the cultivators of that tract have been able to pull through. The labouring classes have earned well. The weavers had a dull season. Traders in cotton and grains did a good business, prices having ruled high. There was sufficient fodder and water; that kept up agricultural

cattle in a satisfactory condition. Agriculture is slowly improving. Land is fetching good Prices. The lease-hold rents are satisfactorily high. Crime has decreased. Civil litigation has increased. Transfer of property has followed the increase in business. Revenue collections were smooth. There is a perfect state of a quiet contentment among the subjects. Yet all eyes are directed to the issues of the Great War with anxiety: as the daily loss of life, energy and money, is appalling, and as general business depending on the European market is at a stand still. People have been loyal throughout. They have not hesitated to do their mite in helping the War Services.

I have the honour to be
Sir,
Your most obedient servant

K. B. Moghe.

State Karbhari, Jamkhandi.

Through:—

THE ASSISTANT POLITICAL AGENT,
S. M. COUNTRY, KOLHAPUR.

	Grand Total .	1760679 3 0	16345e2 11 6	...	126176 7 6

Causes of increase.

A. Land Revenue — General causes. D. Stamps — Larger suits in mortgage cases.
F. 5. Good cotton season has brought better work for the Press and gins.

Decrease.

Decrease in Excise due to (1) arrears recovered last year (2) No payment being made for Hemp contract this year by Government.

K. B. MOGHE.
State Karbhari, Jamkhandi.

No. 581 of 1918.

STATE KARBHARI'S OFFICE,

JAMKHANDI, 7th July 1918.

FROM,

RAO BAHADUR D. S. SAPRE, B. A., LL. B.

STATE KARBHARI, JAMKHANDI.

LIBR OF BOM BRA OF ROYAL ASIAT

To,

COLONEL F. W. WODEHOUSE, C. I. E.
RESIDENT KOLHAPUR AND POLITICAL AGENT,
S. M. Country States,
KOLHAPUR.

SIR,

I have the honour, under the directions of the Chief, to submit the Annual Administration Report of the Jamkhandi State, for the Fasli year 1327 ending 5th June 1918.

CHAPTER I

GENERAL AND POLITICAL.

2. The State is divided into three Talukas, Jamkhandi, Bidri and Kundgol and three Thanas, Vathar, Patkhal and Dhavalpuri. It has an area of 524 square miles and a population of 1,00,304 souls according to the census of 1911. The gross revenue of the State exclusive of Inams is Rs. 6,83,786 based on the average of the past five years. The State pays to Government an annual tribute of Rs. 20,515.

3. The Chief Captain Meherban Shrimant Sir Parashuramrao alias Bhausaheb Patwardhan K. C. I. E. is a Kokanastha Brahmin 35 years of age. He is a Treaty Chief and First Class Deccan Sardar. He has one son and one daughter. The former, Shrimant Shankarrao Appasaheb, is now in his 12th year. He is being carefully educated under an experienced graduate. He is learning the 3rd English Standard. The daughter, Shrimati Keral Tarabaisaheb alias Shakuntala Taisaheb, is now in her 5th year. The Chief with his family resides at Ramtirth. They are all in excellent health.

4. During the year under report His Imperial Majesty the King Emperor of India has been graciously pleased, for services in connection with the War, to grant the Honorary rank of Captain in the Army and a personal salute of 9 guns to the Chief.

134818

5. The Chief was selected by the Imperial Government to inspect and report in Company with Major Maddin on the working of the Red Cross Society in Mesopotamia. Accordingly he left Bombay on the 25th January 1918 and returned back on the 2nd March 1918. During his absence the State was administered by a Council of three officials, namely, Rao Bahadur Dattatraya Sadashiv Sapre B. A., LL. B., State Karbhari, Mr. R. D. Sathe B. A., LL. B., Sub-Judge Kundgol and Mr. M. C. Gokhale, Huzur Chitnis (who has passed the High Court, pleaders' examination).

6. The Chief made an official tour of inspection in Savalgi, Jamkhandi and Kundgol Talukas and visited also Shirvade and saw for himself the condition of the crops and of the people.

7. During the year under review His Highness the Maharaja of Kolhapur visited Jamkhandi to invite the Chief for the marriage Ceremony of his son.

8. Lieutinent Colonel Condon, Assistant Political Agent S. M. C. paid his official visit to Jamkhandi. During his stay at the place he visited the Schools, the Hospital and the Jail at Jamkhandi and expressed his satisfaction with all that he saw of these institutions.

9. The War in Europe has not yet ended and the State has done and is doing its best right loyally to help the Paramount Government in waging it to its victorious end. The donations so far made by the Chief and his subjects to-wards different war relief Funds are tabulated below:—

No.	Name of Fund.	Amount remitted.	By the Chief & the Rani saheb	By the Subjects.
		Rs.	Rs.	Rs.
1	The Imperial War Relief Fund.	19,488	5,000	14,488
2	The Prince of Wales Do.	6,000	6,000	...
3	The Belgian ... ... Do.	3,000	3,000	...
4	The Indian Soldiers' Hospital South England.... Do.	1,500	1,000	500
5	The Lady Willingdon, Do.	7,000	2,000	5,000
6	The Motor Ambulence Unit.	18,000	18,000	...
7	Our Day Fund.	9,000	1,000	† 8,000
	Total-	63,988	36,000	27,988

† A motor car worth Rs. 8,000 was presented by the Jamkhandi public.

War bonds of Rs. 14,300 were purchased by the State and Postal cash certificates of Rs. 87,589 were purchased by the subjects of the State.

10. The interest on Government Securities carrying interest at 3½ per cent, of the face value of Rs. 10,000 was offered to the Lady Willingdon Memorial Fund started by Her Highness the Rani Saheb of Bhavnagar and the offer has been accepted with thanks. During the continuance of the War the interest accruing on these securities is to be made over for the relief of the Indian disabled soldiers.

11. The State sent up 124 men for enlisting as recruits out of which 97 were approved and enlisted—80 combatants and 17 non-combatants. To carry on the work of recruitment more vigorously and efficiently a District Assistant Recruiting Officer for this State has been recently appointed and it is hoped that recruiting business will flourish now.

12. The Political relations of the State with the Paramount Power and with the adjoining Native States have been as cordial as ever.

13. Rao Bahadur K. B. Moghe having resigned the office of the State Karbhari, I took charge there of on the 12th September 1917.

14. Appendix I will show the names of high officials in the State.

CHAPTER II.

ADMINISTRATION OF LAND.

15. The Revenue Survey and Settlement had been introduced through out the State except in 4 Inam villages. The term of the settlement having expired, the work of Revision Survey in the State was started in 1913-14. The work of Kundgol Taluka having been complete the revised rates were declared there during the year under report. The following table will show the increase in area and assessment over the last year.

Taluka.	Area.			Assessment.		
	By revenue survey.	By revision survey.	Increase.	By revenue survey.	By revision survey.	Increase.

Kundgol	58,654—4	58,830-37	176—33	1,97,842-1	2,36,773-12	38,931—11

16. The revision work in the Jamkhandi and Bidri Talukas and in the Thanas of Wathar and Patkhal is nearing completion.

17. The work of Record of Rights in all the Talukas and Thanas is in progress.

18. The area under cultivation, the revenue due from it, its collections etc. are shown in the following table.

Year.	Occupied area.	Net revenue demand.	Collections.	Unoccupied assessed land.	Its assessment.	No. of notices issued.
	A. G.	Rs.	Rs.	A. G.	Rs.

19. No coercive measures were taken in collecting revenue.

CHAPTER III

PROTECTION

Legislation.

20. The Acts and Regulations in force in the State are given in Appendix II.

Military Force.

21. There is no military Force in the State.

22. 326 foot Police and 46 Sowars constitute the total Police Force. The details are given in Appendix IV.

23. Of the foot Police 305 are armed of which 198 are Muzzle loaders and 50 Breech Loaders; 57 carry swords and battons and the rest are unarmed. All the mounted Police are armed.

24. A fairly satisfactory discipline was maintained in the force as will be seen from only a few punishments that had to be inflicted.

25. The ratio of Police to area is one man per 1.4 square mile and to population one man to 269.1 people.

26. The pay of constables and head constables and sowars was increased during the year.

27. The village Police is made up of the Police Patels and Sanadis. These numbered 328.

28. Appendix V to VII will show the working of the Police in dealing with crime. The results of the recoveries of stolen property during the year under report compare a little unfavourably with those of the preceding year.

29. There was a fall in the number of accidental deaths and suicides, which numbered 38 against 50. The number of accidental fires was 24, destroying property worth Rs. 900

Criminal Justice.

30. The details of the work of 14 Criminal Courts are given in Appendix VIII. The average duration of trial was 13 days. The work was satisfactory on the whole.

Appellate Work.

31. The work of the appellate Courts is described in Appendix IX. The appellate work was light and it was very satisfactorily done in all the Courts.

Civil Justice.

32. Though the total number of suits for disposal has increased, the disposal has been prompt. The details of the original civil work are shown in Appendix X.

33. Results of applications for execution of decrees are fully described in Appendix XI.

34. Appendix XII shows the work turned out by the Civil Appellate Courts. Of the appeals filed nearly 77 p. c. were disposed of, which is satisfactory.

35. On the 24th December 1917 a Judicial Conference of the Judges and Pleaders was held at Jamkhandi on the lines on which similar Conferences are held in British India. The Conference was presided over by the Chief.

Wards' Estates.

36. At the beginning of the year under review there were only 13 estates under the superintendence of the State. During the year under review four more were added to the number. Details of all these are given in Appendix. A. Of the 17 estates 12 belong to minors and the rest belong to persons who were found incapable of managing their estates These estates were so long managed by the Mamlatdars and the Wahiwatdars in their respective Talukas and Thanas. But the number there of having increased and the work in connection there-with having assumed larger dimensions a special Manager for all these estates has recently been appointed. The health and the financial position of the wards are satisfactory.

Mamlatdars' Courts Act.

37. During the year under report, the Mamlatdars' Courts including those of the Wahiwatdars disposed of 15 cases out of 16 filed. There was no appeal in any of these cases.

Extradition.

38. 16 perosns from British Government and one from Sangli State were obtained for trial by extradition and none was surrendered either to the British Government or to any Native State.

Prisons.

39. There are one Central Jail and two Sub-Jails and two lock-ups in the State. Appendix XIII shows details of their working. There was a rise in the number of prisoners during the year. The discipline was good. The jail accomodation

is sufficient. The whole building is well lighted, well ventilated and well kept up. 3 prisoners were attacked by plague but all of them recovered. The general health of the prisoners was good.

40. The remission system is working well. 27 of the prisoners got the benefit of the system during the year.

41. The number of civil prisoners was 7 and that of lunatics two. The central Jail has been under the superintendence of the Chief Medical Officer of the State.

Registration.

42. The details of the work done by the Registration Department are given in Appendices XIV and XV. There is a decrease in the number of documents presented for registration The reason for this decrease may be ascribed to the prosperity of the Ryots on account of the abnormally high prices of cotton and other agricultural products.

Municipal Administration.

43. Appendix XVI shows the financial condition of the six Municipalities in the state. The principal sources of income of all the Municipalities is house-tax and octroi. The principal items of expenditure are street lighting, road repairs etc.

44. Till now the Jamkhandi Municipality alone was electing 7 out of 21 members, the president being the State Karbhari. But recently the privilege of electing 11 out of 21 members and non-official president was conferred on it. Till recently the other Municipalities in the State did not enjoy the privilege of electing any members but they have now been granted the right of electing one half of their councillors.

CHAPTER IV

PRODUCTION AND DISTRIBUTION.

Rainfall and crops.

45. Appendix XVII gives figures showing the rainfall in all the Talukas of the State. Although the rainfall was less than that of the preceding year, still it being timely and uniformly distributed, was found sufficient for the crops on the whole. The out-turn of crops being cotton 8 annas, gram and wheat 10 annas each and Jowari 6 annas. The season was satisfactory on the whole as cotton and other agricultural products fetched abnormally high prices.

Prices and Wages.

46. Appendix XVIII compares the prices of food grains in the year under report with those prevailing in the preceding year. The prices of cereals have gone up as elsewhere. The wages of skilled and unskilled labourers have been continuously rising. The former varied between 12 annas to one rupee and the latter was 8 annas. It will be seen that the rates have gone up very high, but even at this high rates sufficient supply of labour is not available.

Agriculture.

47. Agriculture being the main stay of the people here, efforts are being made to introduce improved methods of agriculture and to induce people to take to them. For this purpose the State has maintained an Agricultural Farm where several experiments were tried to demonstrate the use of improved implements and methods of agriculture and the uses of various sorts of manures. The total cost of the Department amounted to Rs. 2,308 against Rs. 2,628 The income of the Farm was Rs. 535 against Rs. 151

Forests.

48. The area of the State forests has been increased by A. 146 G. 16 during this year. The total area is 27,344 acres and 38 Gunthas of which 1510 acres and 29 Gunthas form the Reserved Forests. The forests of this place supply fuel and serve as pasture lands. They contain no timber. An experienced Forest Officer is in charge of the Department.

49. The number of offences against forest rules during the year under report was 8. In 6 cases the accused were convicted.

50. The income and the expenditure of the Forest Department amounted to Rs. 7,658 and Rs. 2,308 respectively.

Excise Revenue.

51. Appendix XXI shows the details of excise shops and revenue. The country spirit and Toddy farm has been leased to British Government for a period of ten years ending 31st March 1924 for an annual compensation of Rs. 43,600. The last lease of Hemp Drugs that terminated on 1st April 1916, has been renewed and farmed to the British Government for 5 years ending 31st March 1921, subject to revision after the 3rd and 5th year, for an annual compensation of Rs. 10,821.

Trade and Manufacture.

52. There is no important centre of trade in the state. Rice, sugar, salt, colours, spices, cocoanut, kerosine, timber, stationery, cotton yarn, cloth, and metals required for home consumption are the principal heads of imports, while food grains, cotton, oil-seeds and oil cakes are the chief articles of export. No special arrangements have been made for keeping the statistics of imports and exports. However, the figures taken from the Municipal records show that imports and exports amounted to Rs. 41,70,693 and Rs. 33,47,715 respectively.

53. Dyeing yarn and silk and weaving are carried on, on a considerable scale at Banhatti and the adjoining villages of this State. Coarse cotton goods and Kambalis are also made in some villages of this State.

54. The number of Hand-looms at work was 3,595. They are found in almost all villages. The work turned out on these looms though rough is strong and cheap. The cotton trade of Jamkhandi has increased to a great extent. The State Press and gins opened by the State for demonstration have induced other people to open 5 ginning factories. In all at Jamkhandi 72 gins worked

and 11,900 khandis of cotton were ginned out during the year under report. 6,500 bales have been pressed out by the State Press. The daily average number of workers in the factories was 290. The income and expenditure of the State gins and Press amounted to Rs. 80,826 and Rs. 59,155 respectively leaving a net profit of Rs. 21,671

55. At Kundgol a new State Cotton Press was opened during the year under review at a cost of Rs. 1,08,000 and was worked for some time. Next year it can be worked through out the season and the Kundgol Taluka people will enjoy its advantages.

56. There are 8 ginning private factories, the daily outturn of which is 80 khandis of cotton. The Mechanical Engineer inspects all these factories.

57. The number of crude country oil presses was 86, the principal among oil-seeds being Kardi.

Fairs and Shows.

58. The annual cattle fair at Jamkhandi was held in the month of April The fair is getting more and more popular. The number of cattle brought for exhibition and sale was 6,418. Prizes for 34 well bred animals, of the aggregate value of Rs. 217, were awarded by the Chief. Small fairs at Kadpatti, Kundgol and Kalhalli were also held as usual.

Post Offices and Mints.

59. There are in all 8 Post offices in the State of which one is a combined Post and Telegraph office at Jamkhandi.

60. There is no Mint in the State.

Public Works.

61 (1) Completion of school houses at Shiddapur and Shegunshi. (2) Erection of State Press at Kundgol. (3) Completion of Bhuteshver temple at Kundgol. (4) Completion of Shiddapur water works for Jamkhandi town and (5) the completion of Savalgi water works for Savalgi are the important works undertaken during the year. Appendix XIX will show the details of expenditure on original works and repairs.

62. Owing to want of skilled and unskilled labour several other works under contemplation had to be post-poned.

CHAPTER V.

Revenue and Finance.

63. Appendix XXII will show the general condition of the State finances as compared with the previous year.

64. The amount advanced during the year from the State Bank was Rs. 1,01,968. Rs. 83,565 were advanced on the security of gold and the remainder Rs. 18,403 on that of Watan or Inam lands. The amount of interest received during the year was Rs. 20,637. The average rate of interest was 5 p. c. per annum.

CHAPTER VI.

MEDICAL RELIEF & VITAL STATISTICS.

Medical Relief.

65. Appendix XXIII describes fully the work done by the Hospital at Jamkhandi and by the other Dispensaries in the State and the total expenditure incurred thereon. It may be noted that they are all doing their work well. The total expenditure of this Department amounted to Rs. 19,799-14-10. In all these institutions medicine is given gratis.

Vital Statistics.

66. The number of births and deaths and their rate per thousand of population is given in Appendix XXIV. The increase in death rate is due to the prevalence of plague in 26 villages of the State. It carried off 1420 souls out of 2022 attacked. The efficacious preventive remedies of inoculation and evacuation were resorted to. 7,374 persons were inoculated out of whom only 47 were attacked and only 10 died. It is very satisfactory to note that inoculation is getting more and more popular in the State.

67. Cholera broke out in 7 villages of the State during the year. In all 131 persons were attacked of whom 82 died.

68. No epidemic of small pox prevailed in the State during the year.

Vaccination.

69. The work done by the Vaccination Department is as shown below:—

Operation by whom performed.	Number of persons vaccinated in.		Results.				Remarks.
			Successful.		Unsuccessful.		
	1916-17	1917-18	1916-17	1917-18	1916-17	1917-18	
Jamkhandi town Vaccinator	709	844	685	833	3	...	43 Persons vaccinated were not present for inspection.
Jamkhandi Taluka Vaccinator.	1103	1204	1068	1195	5	...	
Bidri Vaccinator.	802	824	769	804	10	1	
Kundgol Vaccinator.	875	900	821	896	...	...	
Total.....	3,489	3,772	3343	3,728	18	1	

70. The number of unsuccessful vaccination is only one. The resulst are satisfactory. Revaccination was done in 501 cases. The work is done by four

vaccinators and is supervised by one Inspector. The Chief Medical officer is the Superintendent of Vaccination. The Deputy Sanitary Commissioner S. D. R. D. checks the work.

CHAPTER VII.

Edcuation.

71. Appendix XXV gives the classification of different schools with particulars regarding attendance &c. The number of boys on rolls and the average attnedance fell in all schools during the year under report. This was due to the prevalence of plague for some months at Jamkhandi and some of the villages of the State. Primary education is free. The female education was well attended to. Special inducements are given to the boys of backward clsases with a view to make education popular among them. Cooked food is also given gratis to poor deserving pupils of the depressed class. The total number of pupils presented for examinations was 2,376 of which 1671 passed. This gives a percentage of 70 p. c.. 37 students were sent up for the Vernacular Final Examination of whom 11 passed. As the teaching staff includes only a small number of trained teachers the State has been sending every year students to the Poona and Dharwar Training Colleges at its expense for being trained there. During the year under report the pay of the School Masters in the last two grades was increased.

72. The attendance in the A. V. School at Kundgol increased and the progress of the school was satisfactory.

73. There is a slight decrease in the daily average attendance at P. B. High School, Jamkhandi. This is due to the prevalence of plague in an epidemic form at Jamkhandi for about four months. The number of poor and deserving boys from this High School fed by the State was 37. The P. B. High School sent up 23 students for the Matriculation Examination of whom 15 passed The inconvenience caused by the abolition of the Drawing Examination Centre here has been removed by Jamkhandi being again recognized as a centre for the elementary and intermediate Art Grade Examinations. The High School presented 25 students for the former and one for the latter of whom 17 and one passed respectively.

74. These results would appear to be quite satisfactory.

75. The Educational Inspector S. D. visited all the Schools at Jamkhandi and expressed his satisfaction with all that he saw there.

76. The State has also kept scholar ships for deserving Jamkhandi State pupils studying in the Arts Colleges, Veterinary College etc. There are altogether 11 scholars and the total cost in this connection is Rs. 3,000 per year.

77. In order to improve the Educational system of the State still more the Chief has appointed a Committee consisting of graduates and non-graduates, officials and non-officials for inquiring into and reporting on educational questions.

On receipt of the report of the Commission, necessary reforms will be introduced as far as practicable. For the benefit of labourers who cannot attend schools during the day-time, a night class has been started at Jamkhandi.

CHAPTER VIII

MISCELLANEOUS.

Printing Presses.

78. There are two printing presses at Jamkhandi, one belonging to the State and the other to a private person. The State Press does all the printing work of the State and the private press does sundry job-work.

79. No newspaper or periodical is published in the State.

Libraries.

80. There are 7 libraries in the State and all of them are registered The use of proscribed books is strictly prohibited there in.

Destruction of wild animals

81. A leopard was shot during the year.

82. There was only one death from snake bite in the Bidri Taluka of this State during the year under review.

Railway.

83. The construction of a Railway from Kudchi to Bagalkot, the want of which has been keenly felt, has been sanctioned. As materials are not available for the present, owing to the prolongation of the War in Europe, the construction-work has been delayed.

State Karbhari's Tour.

84. I visited all the Talukas and Thanas and made Jamabandi of all the villages. Taluka and village accounts were examined. Schools and Dispensaries were visited and wants and complaints of the Ryots were inquired into and redressed as far as possible on the spot Almost all offices were inspected and the irregularities discovered were brought to the notice of the officers concerned.

The condition of the people.

85. The condition of the people was on the whole satisfactory. The season was generally favourable. Though the out turn of crops was less than that of the preceding year, the abnormally high prices cotton and food-grains fetched,

improved the condition of the Ryots. The Ryots paid up the land revenue demand without any difficulty. Fodder supply was sufficient and live-stock was in good condition. The supply of drinking water was sufficient through out the State.

CONCLUDING REMARKS.

86. This is the record of the events connected with the administration of the State and the condition of the people. All the needs and comforts of the people were attended to as far as possible. Justice was well administered. Protection of life and property was ensured as far as possible.

87. The Chief has been taking a keen interest in the administration personally.

88. There is peace and contentment among the subjects but every one is anxious to see the end of the terrible War, now being waged in Europe, with complete success to the allied cause. I am glad to note here that the people of this State have continued to remain absolutely loyal through-out and they have been doing their best to help the Paramount Power in carrying on the War to a victorious end.

89. In conclusion the Chief has directed me to convey his sincere and heart-felt thanks to you and the Assistant Political Agent S. M. C. States for the sound advice kindly given to him from time to time in important matters of administration.

I have the honour to be

Sir,

Your most obedient servant.

D. S. Sapre.

State Karbhari, Jamkhandi.

Through:—

THE ASSISTANT POLITICAL AGENT,

S. M. COUNTRY, KOLHAPUR.

ROYAL ASIATIC SOCIETY OF THE BOMBAY BRANCH OF THE

No 595 of 1919.

State Karbhari's Office,

Jamkhandi, 7th July 1919.

FROM,

RAO BAHADUR D. S. SAPRE, B. A., LL. B.,

STATE KARBHARI JAMKHANDI.

To,

COLONEL C. F. HAROLD,

RESIDENT KOLHAPUR AND POLETICAL AGENT,

S. M. COUNTRY STATES,

KOLHAPUR.

SIR,

I have the honour, under instructions from the Chief, to submit the Annual Administration Report of the Jamkhandi State for the Fasli year 1328 ending 5th June 1919.

CHAPTER I.

GENERAL AND POLITICAL.

2. The State is divided into three Talukas, Jamkhandi, Bidri and Kundgol and three Thanas, Wathar, Patkhal and Dhavalpuri. It has an area of 524 square miles and its population according to the census of 1911 is 100,304. The total gross revenue of the State based on the average of the past five years amounts to Rs. 700,596. The State pays to Government an annual tribute of Rs. 20,515.

3. The Chief Captain Meherban Shrimant Sir ParashuramRao alias Bhausaheb Patwardhan, K. C. I. E. is a Konkanastha Brahmin. He is 36 years of age. He is a Treaty Chief and First Class Deccan Sardar. He has only one son by name Shrimant Shankarrao Appasaheb who is now in his 13th year and a daughter by name Shrimati Keral Tarabai Saheb alias Shakuntala Taisaheb who is in her 6th year. Both of them have been making satisfactory progress under the supervision and care of an experienced graduate. The former is learning the 4th English standard and the latter the 1st Marathi standard. They are all in excellent health.

4. The Chief was appointed His Excellency's Honourary Aide-de-Camp during the year.

5. The Chief made an official tour of inspection in all Talukas and Thanas and saw for himself the condition of the crops and of the people.

6. During the year under report Chiefs of Sangli, Jath and Mudhol attended the anniversary of "the Shrimant Ramchandra Rao Appasaheb Club" on the New year day.

7. Colonel Wodehouse, Resident Kolhapur and Political Agent, S. M. C. States and you paid official visits to Jamkhandi, and visited the schools, the Hospital and the Jail there.

8. The great war that had been raging for the last five years ended with complete success to the British Arms and the Treaty was signed by the Germans on the 28 th June last. The news was received with great joy and enthusiasm by the Chief and the subjects of this State. Rejoicings were expressed in various ways.

9. The State has done its best to render its humble aid to the Paramount Power in carrying the war to its successful end.

10. The contributions so far made towards it by the Chief and his subjects are enumerated below:-

No.	Name of Fund.	Amount remitted. Rs.	By the Chief & the Rani saheb Rs.	By the Subjects. Rs.
1	The Imperial War Relief Fund.	25,488	9,000	16,488
2	The Prince of Wales Do.	6,000	6,000	...
3	The Belgian ... ... Do.	3,000	3,000	...
4	The Indian Soldiers' Hospital South England.... Do.	1,500	1,000	500
5	The Lady Willingdon, Do.	7,000	2,000	5,000

	Total.	83,788	50,200	33,588

*A Motor car worth Rupees 8,000 was presented by the Jamkhandi public.

§A Motor car worth Rupees 5,000 and two horses worth Rs. 500 were presented by the Chief.

¶A motor car worth Rs. 2000 was presented.

11. War Bonds of Rs. 14,300 were purchased by the State and Postal Cash Certificates of Rs. 87,589 were purchased by the subjects of the State.

12. Rupees 26,648-12-0 have been invested in the Second Indian War Loan.

13. The interest on Government securities carrying interest at 3½ p. c. of the face value of Rs. 10,000 was offered to the Lady Willingdon Memorial Fund started by Her Highness the Ranisaheb of Bhavanagar and the offer was accepted with thanks. During the continuance of the War the interest accruing on these securities was made over for the relief of the Indian disabled Soldiers.

14. With regard to the supply of man-power the State sent up 202 men for being enlisted as recruits of whom-163 were appoved and enlisted- 129 combatants and 34 non-combatants.

15. The Political relations of the State with the Paramount Power and with the adjoining Native States have been as cordial as ever.

16. Appendix I shows the names of High Officials in the State.

CHAPTER II.

ADMINISTRATION OF LAND.

17. The term of the old Settlement having expired, the work of Revision Survey was started in all the villages, except the four Inam villages, of the State in 1913-14. The work in the Kundgol Taluka was quite complete last year and that in the remaining Talukas and Thanas was in progress. The measurement and classification work in Jamkhandi Taluka and Patkhal Thana is all complete this year. What remains to be completed is the measurement in two villages of Bidri Taluka and the classification work for Bidri Taluka and Wathar Thana. That too is nearing completion.

18. The work of Record of Rights in all Talukas and Thanas is in progress.

19. The following table will show the area under cultivation, and taken up for the first time for, and thrown out of, cultivation, by Talukas, in the State during the year.

Name of Taluka.	Occupied area at the end of 1917-1918.	Un-occupied area at the end of 1917-1918.	Area taken up for cultivation in 1918-1919.	Area thrown out of cultivation in 1918-1919.	Occupied area at the end of 1918-1919.	Un-occupied assessed area at the end of 1918-1919.
	A. G.	A. G.	A. G.	A. G.	A. G.	A. G.
Jamkhandi.	112901-30	51-20	...	...	112901-30	51-20

Dhavalpuri.	3433	4362	7795	1392	6403
Total...	15959	470207	486166	457227	28939

21. Owing to insufficient rainfall crops in some villages were much below the average. Suspensions have been granted to the ryots of those places where crops have utterly or almost failed.

22. Rs. 6665 were advanced in the form of Takvi to the ryots of Bidri Taluka and Patkhal Thana for the improvement of their lands.

CHAPTER III.

PROTECTION.

Legislation.

23. The Acts and Regulations in force and those introduced during the year are given in Appendix II.

Military Force.

24. There is no regular Military Force in the State.

Police.

25. Appendix IV shows the strength, discipline and education of the Police in the State.

26. Of the foot-police 305 are armed, of whom 198 carry Muzzle loaders, 50 Breach-loaders and 57 swords and the rest are unarmed. All the mounted police are armed. A satisfactory discipline was maintained in the force.

27. The total strength of the Police gives an average of one constable for every 280 souls and for every 1.4 square mile.

28. The village Police is made up of the Police Patils and Sanadis. These numbered 328. They assist the District Police in the detection and prevention of crime.

29. Appendices V to VII show the result of the working of the Police which, when summarised, would appear to be fair.

30. The question of increase in the pay of the police has recently been considered and they will now get promotion according to a time-scale system. The question will again be considered, if necessary.

31. The number of accidental deaths and suicides was 30 against 38 of the last year and that of accidental fires was 40 against 24. The property destroyed by incendiarism during the year was Rs. 10,224.

Criminal Justice.

32. Appendix VIII shows the work done by all the Criminal Courts in the state during the year.

Appellate Work.

33. Particulars of the work of the Criminal Appellate Courts in the State during the year under review are given in Appendix IX.

Civil Justice.

34. Appendix X shows the details of the original civil work

and Appendix XI fully describes the results of applications for execution of decrees. It may be remarked here that the work of Civil Courts continued to be satisfactory.

35. Appendix XII shows the disposal of the Appeals in the year under report compared with that of the previous year.

36. On the 26th December 1918 a Judicial Conference of the Judges and pleaders presided over by the Chief was held at Jamkhandi just as in the last year.

Wards' Estates.

37. The health, the financial position and other details of the Wards are described in Appendix A.

Mamlatdars' Courts Act.

38. During the year under report Mamlatdars' Courts including those of the Wahivatdars had on their file 23 cases all of which were disposed of. There was a revision application in one case only.

Extradition.

39. Only two persons were extradited to this State by British Government and none was surrendered by this State either to British Government or to any Native State, during the year.

Prisons.

40. Appendix XIII shows the number of Jails and lock-ups in the State and the number of prisoners confined there-in and the cost incurred there-on.

41. The general health of the prisoners was good.

42. Remissions were awarded to prisoners, in conformity with the mark-system, 19 of them having got the benefit there-of this year.

43. The number of Civil prisoners was 3 and that of lunatics was 1 during the year.

44. The total cost per head per day was 0-4-6. The rations and clothing were given according to the scale obtaining in the Yeroda Central Jail.

Registration.

45. Appendix XIV shows the work done by the Registration Department and Appendix XV shows the receipts from, and expenditure on account of, it.

Municipal Administration.

46. Appendix XVI shows the number of Municipalities in the State and their financial conditions. The principal sources of income of all of them is house-tax and octroi.

CHAPTER IV.

PRODUCTION AND DISTRIBUTION.

Rainfall and crops.

47. Appendix XVII shows the distribution of rainfall by Talukas. The rainfall being much less than that of the last year and that too being not timely all crops suffered much. The anna valuation of the crops was—Jowari 5 annas, Cotton 7 annas, Wheat 4 annas and Gram 2 annas. The season was unsatisfactory on the whole.

Prices and Wages.

48. Prices of food grains as will be seen in Appendix XVIII were abnormally high during the year. In order to check the prices going up high, control over imported staple-food grains was exercised and exports of Jowari and fodder were restricted.

Wages.

49. The wages for skilled labourers were Re. 1 and those for un-skilled labourers were 8 to 10 annas per day.

Forests.

50. The total area of the State Forests remained the same as in last year. *i. e.* 27,344 Acres and 38 Gunthas including 1,510 Acres 29 Gunthas under Reserved Forest. The Forest growth here is poor. There is no timber in the forests here. They supply only fuel and serve as pasture lands.

51. The number of offences against forest-rules was only 3.

Excise Revenue.

52. Appendix XXI shows the number of excise shops in the State and the Revenue realised from them.

Trade and Manufacture.

53. Jamkhandi is not an important trade centre. Rice, Sugar, Kerosine, Salt, Colours, Spices, Cocoanut, Timber, Stationery, Cotton yarn, Cloth, Metals and other articles required for home consumption are the principal imports while food-grains, Cotton, Cotton-seeds Kardi, Kardi-oil and Oil-cakes are the chief articles of export. There are no special arrangements made for keeping the statistics of imports and exports.

54. Dyeing yarn and silk and weaving are carried on on a considerable scale at Banhatti. Coarse cotton goods such as Dhotis and Saris are manufactured there and sent out. The number of hand-looms manufacturing these goods is 3,459. Besides these there are 138 hand-looms on which rough blankets or Kamblis are woven in some villages of this State.

55. There is one State ginning factory at Jamkhandi and two State presses, one at Jamkhandi and the other at Kundgol.

56. Jamkhandi ginning Factory and press had very little work this year, only 87 Khandis of cotton having been ginned out and 1,376 bales pressed out.

57. The State press at Kundgol could not be worked at all this year owing to the scarcity of water there.

58. Besides the State Ginning Factories there are 6 ginning factories at Jamkhandi and 8 in Kundgol Taluka, belonging to the local merchants. All of them had practically no work on account of the scarcity of cotton at Jamkhandi and of water at Kundgol.

59. Kardi oil is exported to a certain extent from Jamkhandi. This oil is pressed out in crude country oilpresses. The number of these presses was 82 this year.

Fairs and Shows.

60. Four fairs are annually held in this State.

(1) The Cattle fair at Jamkhandi in the month of Chaitra (April).

(2) Bramhadeva fair at Kundgol in the month of Jestha (June).

(3) Basvanna fair at Kadpatti in the month of Shravan (August).

(4) Venkoba fair at Kalhalli in the month of Ashvin (October).

61. In the Cattle fair at Jamkhandi 6,311 head of cattle were brought for Exhibition. In all 61 prizes were awarded 9 in gold, 15 in silver and 37 in cash.

Post Offices and Mints.

Post and Telegraph Offices.

62. There were in all 8 Post-offices in the State last year. A new combined Post and Telegraph office was opened at Ramtirth during the year which raises the number of Post-offices in the State to 9.

63. There is no Mint in the State.

PUBLIC WORKS.

64. Appendix XIX shows the distribution of the amount of expenditure according to different Sub-heads. The important ones of the works either completed or in progress in the year under review are:—

(1) Quarters for Lady Assistant Surgeon at Jamkhandi.

(2) Mamlatdar's Record office at Jamkhandi.

(3) Mahadwar of Shri Venkoba's temple at Kalhalli.

(4) Jamkhandi Bidri road.

(5) Completion of the building of the Kundgol Press.

(6) Mechanical Engineer's quarters at Jamkhandi, and

(7) Dharamshalas at

(I) Mareguddi, and

(II) Jakhanur.

CHAPTER V.

REVENUE AND FINANCE.

65. Appendix XXII will show the general condition of the State Finances as compared with the previous year. The season being not satisfactory this year many agriculturists and needy persons took advantage of the State Bank. The Bank advanced this year Rs. 67,880 on the security of gold and Rs. 1,10,305 on that of land. The average rate of interest was 6. p. c. per annum.

CHAPTER VI.

MEDICAL RELIEF AND VITAL STATISTICS.

Medical Relief.

66. Appendix XXIII gives the number of Medical institutions maintained by the State, the number of patients treated there-in and the total expenditure incurred in connection there-with.

67. At these institutions 23 Major and 1,086 Minor operations were performed during the year.

Vital Statistics.

68. Appendix XXIV shows the number of births and deaths and their rate per thousand of population. It will be seen there-from that the death-rate has risen abnormally high during the year under review and this is due to the spread of the epidemic of Influenza. It carried off 5368 souls. During its prevalence preventive measures

were notified throughout the State. Special Assistant Surgeons were appointed so that medcial aid might be within easy reach for all. Besides this, it is very satisfactory to note here that the Jamkhandi Municipality opened several dispensaries within their municipal area where medicine was given free of charge to the poor. Bisides, they raised a party of volunteers to secure medicine for the poor and to attend upon them. This work was done very satisfactorily and reflects credit on the Municipality.

69. Cholera broke out only in one village and carried off only 9 souls out of 14 attacked.

70. There were only a few stray cases of small-box in the State in the year.

VACCINATION.

71. The work done by the Vaccination Department is as shown below:-

Operation by whom performed.	Number of persons vaccinated in.		Results.				Remarks.
			Successful.		Unsuccessful.		
	1917-18	1918-19	1917-18	1918-19	1917-18	1918-19	
Jamkhandi town Vaccinator	844	905	833	905	...	...	...
Jamkhandi Taluka Vaccinator.	1204	1204	1195	1190	...	...	14†
Bidri Vaccinator.	824	827	804	823	1	...	4†
Kundgol Vaccinator.	900	842	896	840	...	...	2†
Total.....	3,772	3,778	3,728	3,758	1	...	20†

†Twenty persons did not present themselves for inspection.

72. Re-vaccination was done in 327 cases. There was not even a single case of unsuccessful vaccination.

CHAPTER VII.

PUBLIC INSTRUCTION.

73. Appendix XXV gives particulars about Schools in the State.

74. Primary education has been free in the State. The percentage of pupils receiving instruction at these institutions to the entire population was 4.3. Female education is well attended to. Special inducements of scholarships were given to the boys of backward classes to make education popular among them. The Inspector of Schools Visited all the schools in the State. Out of 2462 students presented for examination 1,672 passed. Sixteen students were sent up for the Vernacular Final Examination of whom ten passed. On the whole the progress of the primary education would appear to be fair.

75. There is one Sanskrit Path-Shala ond one A. V. School at Kundgol. They, too, are progressing fairly well.

76. The number of boys in the P. B. High School, Jamkhandi has risen from 340 to 407. The number of poor deserving students fed by the State was 38. The High School sent up 28 boys for the Matriculation Examination of whom 11 passed. In this High School and in the A. V. School at Kundgol only nominal fee of one anna per head is charged.

77. The State has kept at its cost some students in various Educational Institutions.

78. An Education Committee was appointed by the Chief to inquire into the present condition of education in the State and to submit proposals for its advancement. Proposals were accordingly submitted and were accepted by the Chief and in accordance therewith salaries of the teachers both in primary schools and in the High School have liberally been raised.

CHAPTER VIII.

MISCELLANEOUS.

Printing Presses.

79. One Printing Press has been maintained by the State for doing State work. At Jamkhandi there is also a private press for job works.

80. There is no news-paper or periodical published in the State.

Libraries.

81. The number of libraires remained the same as in the last year that is 7. All of them are registered. The use of proscribed books is strictly prohibited there-in.

Destruction of wild animals.

82. No wild animals were shot during the year.

83. There were two deaths from snake bites during the year under report.

Railway.

84. The construction of a Railway line connecting Chinchli with Bagalkot has been sanctioned but the work had to be delayed owing to insufficiency of material caused by the terrible war that prevailed till recently in Europe. Fortunately the war has now ended gloriously with complete success to the British arms and it is hoped that the work will soon be taken up.

State Karbhari's Tour.

85. I made an annual tour of inspection in all Talukas and Thanas and made Jamabandi of all the Villages. Taluka and Village accounts were carefully examined, schools and dispensaries were visited and wants and complaints of ryots were inquired into and were promptly dealt with as far as possible.

Condition of the People.

86. Though the out-turn of crops was much less than that of the preceding year the abnormally high prices of cotton and food-grains enabled the ryots to pull on satisfactorily. Ryots of those places where crops were in a satisfactory condition paid up the land revenue demand without diffieulty. Suspensions have been granted to the ryots of those places where crops have utterly or almost failed. Fodder and water supply was short in some places but the recent rains have improved the position at several of them.

Concluding Remarks.

87. Such is briefly the record of the events connected with the Administration of the State and the condition of the people.

88. The Chief has been taking a lively interest in the Administration personally and has done his best to supervise carefully every branch of it.

89. I am extremely happy to note here that there was peace and contentment among the subjects of this State and they have continued to be as loyal as before.

90. In conclusion I am directed by the Chief to offer his heart-felt thanks to you and Colonel Harrison for the valuable and sound advice given to him from time to time in important matters of administration.

I have the honour to be

Sir,

Your Most Obedient Servant

D. S. Sapre.

State Karbhari, Jamkhandi.

D. S. SAPRE.

State Karbhari, Jamkhandi.

No. 487 of 1920.

State Karbhari's Office.

Jamkhandi, 7th July 1920.

FROM,

K. V. HASABNIS, ESQUIRE, B. A.,

STATE KARBHARI, JAMKHANDI.

To,

COLONEL F. W. WODEHOUSE, C. I. E.,

RESIDENT KOLHAPUR AND POLITICAL AGENT,

S. M. COUNTRY STATES,

KOLHAPUR.

SIR,

I have the honour, under instructions from the Chief to submit the Annual Administration Report of the Jamkhandi State for the Fasli year 1329 ending 5th June 1920.

CHAPTER I.

GENERAL AND POLITICAL.

2. The State is divided for administrative purposes into three Talukas, Jamkhandi, Bidri, and Kundgol and three Thanas, Wathar, Patkhal, and Dhavalpuri. Its area is 524 sq. miles and the total population is 1,00,304 according to the census of 1911. The gross revenue of the State exclusive of Inams based on the average of the past five years is estimated at Rs. 7,00,104. The State pays a tribute of Rs. 20,516 annually to British Government.

3. The Chief, Captain Meherban Shrimant Sir Parashuramrao alias Bhausaheb Patwardhan, K. C. I. E., is a Konkanstha Brahmin. He is a First Class Sardar of the Deccan and a Treaty Chief. His age is 37. He has a son named Shrimant Shankarrao Appasaheb who is now in his 14th year and a daughter named Shrimati Keral Tarabaisaheb alias Shakuntala Taisaheb who is in her 7th year. Both of them have been making satisfactory progress under the supervision of an experienced graduate. Shrimant Appasaheb completed his English fourth standard in the P. B. High school, Jamkhandi. He is recently kept at Belgaum under the supervision of a graduate tutor for receiving further education in the Sardars' High-school. He has joined the English 5th standard there. Shrimati Shakuntala Taisaheb is learning the Marathi 2nd standard. They are all in good health.

4. The Chief continued to be His Excellency's Honorary Aide-de-camp throughout the year.

5. The Chief attended, as the representative of the non-salute Chiefs, the Princes' Conference held at Delhi in November last under

the presidentship of His Excellency the Viceroy and Governor-General of India. He had the honour of paying a visit to His Excellency the Viceroy of India in March last when His Excellency visited Bombay. He had also been to Bombay and Mahabaleshwar to pay visits to His Excellency the Governor of Bombay.

6. The Chief made an official tour of inspection in all the Talukas and Thanas of the State and saw for himself the condition of the crops and of the people there.

7. The Chief of Mudhol attended the aniversary of " The Shrimant Ramchandrarao Appasaheb Club" at Jamkhandi on the New Year's Day.

8. Colonel C. F. Harold, Assistant Political Agent, S. M. C. States and you paid official visits to Jamkhandi and visited the Schools, the Hospital and the Jail.

9. The Great European War ended with the complete success to the British Arms and the Treaty was signed by the Germans. The peace celebrations took place from the 13th to the 16th December 1919. These days were observed as Public Holidays throughout the State. Committees were appointed in all Talukas and Thanas for organization of the celebrations. Religious services were held in all places of worship both by the Hindus and Mohamadans alike at which collections were made for the benefit of the disabled and of the dependants of soldiers killed in the War. Peace flags were distributed to school children and others and the proceeds of the sale were creditted to the " India Peace Flag Fund. " A public Durbar was held at Jamkhandi. Special meetings of boys were held under the presidency of the Head-masters of their schools and the greatness of the occasion was fully impressed on their minds. A large number of the poor and the destitute were fed. Sports were held. All shops and houses at Jamkhandi and other towns in the State were illuminated and fire-works were exhibited. Thus no pains were spared to make the celebrations as impressive and as successful as possible.

10. A contribution of three pearls of the value of Rs. 1000 was made to the children's welfare Fund, started by Her Excellency Lady Lloyd. The political relations of the Chief with the Paramount Power and with the adjoining Native States have been cordial.

11. Up-to-now almost all the departments were wholly entrusted to the State Karbhari. But with a view to lighten the burden on him and to secure speedy and prompt disposal of business, two new posts of Sir-Nyayadhish and Huzur Kamgar have been created since January last and some of the departments are transferred to them. It is hoped that these changes will lead to good administration.

12. Rao Bahadur D. S. Sapre, the late State Karbhari having resigned my services have been lent by the British Government to this State as State Karbhari for a period of two years at the request of the Chief from the 1st January 1920.

13. Appendix I shows the names of high officials in the State.

CHAPTER II.

ADMINISTRATION OF LAND.

14. The work of Revision Survey that was started in 1913-14 is now completed. In Kundgol Taluka revised rates were introduced last year. In Jamkhandi and Bidri Talukas, Wathar and Patkhal Thanas they will be levied from the next year.

15. The area under cultivation, first taken up for and thrown out of cultivation during the year is shown in the following table:—

Name of Talukas	Occupied area at the end of 1918-19	Unoccupied area at the end of 1918—19	Area taken up for cultivation in 1919-20	Area thrown out of cultivation in 1919-20	Occupied area at the end of 1919-20	Unoccupiedarea at the end of 1919—20

Total...	28339	455648	484587	454864	28177

*Rs. 1546 arrears of water rate in Wathar Thana were remitted as the Pats there had no water last year owing to the insufficiency of rainfall.

17. The dues were collected efficiently, without any coercive measures except a few initial notices.

18. There was only one application for Tagai advance of Rs. 200 for improvement of land from the Jamkhandi Taluka and it was granted.

CHAPTER III.

PROTECTION.

Legislation.

19. Appendix II shows the Acts and Regulations in force in this State.

20. The following Acts were introduced into this State during the year:-

(1) Civil Jails Act II Part III of 1874.

(2) Prisons Act IV of 1874.

(3) Prisoners Act III of 1900.

Military Force.

21. There is no Military Force in this State

Police.

22. The details regarding the strength, discipline and education of the Police are shown in Appendix IV. A Criminal Investigation and Intelligence branch of the Department has lately been created during the year for special investigation and detection of serious crimes.

23. Of the 311 foot police 305 are armed of whom 50 carry Breech-loaders, 193 Muzzle-loaders and 57 carry swords. The rest 6 are unarmed. All the Swars or mounted police are armed with swords. A proper discipline was maintained in the force.

24. The ratio of police to population of this State is 1 to 280 souls and to area 1 to 1·4 sq. miles.

25. The pay of the police of all grades has again been increased during the year.

26. Police Patils and Sanadis form the Village Police; the strength is 328.

27. Appendices V to VII show the working of the police in dealing with crime. The percentages of convictions to arrests and accused sent for trial, will be seen to have risen much higher than those of the last year. The percentage of the recoveries, to property stolen has also shown an upward tendency as compared to

the preceding year and it may, therefore, be remarked that the working of the Police was quite satisfactory.

28. Accidental deaths and suicides were 53 against 30 of the last year.

29. There were 29 cases of incendiarism, destroying property worth Rs. 3332 against 40 cases, destroying property worth Rs. 10,224 last year.

Criminal Justice.

Original.

30. Appendix VIII shows the working of the various Criminal Courts in the State. The work of all the Courts appeared to be satisfactory on the whole.

Appellate work.

31. The results of the work done by the Criminal Appellate Courts are shown in Appendix IX. The very small number of appeals shows that the appellate work was light.

Civil Justice.

Original.

32. The number and description of the several Courts of original civil jurisdiction at work in the State and the results of their work in connection with the suits instituted are given in Appendix X. The Appendix XI summarises the details of the work done in connection with the execution of decrees. A large number of suits and execution cases remain pending at the end of the year. The reason is that a majority of them was filed just at the end of the year. The Appendices in question will show that the working of these Courts continued to be satisfactory.

Appellate Courts.

33. The results of the work done by the Civil Appellate Courts are given in Appendix XII. It shows that the bulk of the work increased. The disposal, however, was more prompt than last year.

Extradition.

34. During the year 8 accused persons were surrendered to this State for trial by the British authorities. Of these 6 were convicted and 2 were discharged. No persons were surrendered either to Government or to any Native State during the year. One accused was surrendered by the Mudhol State & he was acquitted.

Wards' Estates.

35. There were 17 estates under the State management at the beginning of the year. The ward No. 6 (Appendix A) being found to be capable of managing his estate, it was returned to him during the year. Three more estates were taken during the year under the State management. Details of all these are given

in Appendix A. A special officer has been appointed to look after the management of these estates. He is to work under the direct supervision of the State Karbhari. The health, education and general interest of the wards are very keenly watched by the manager.

Mamlatdars' Courts Act

36. The number of suits filed in the courts of all the three Mamlatdars and two Wahiwatdars was 17 during the year under review and all of them were disposed of before the close of the year. There were only 4 revision applications of which three were rejected and one was remanded for further inquiry.

Prisons.

37. Appendix XIII gives the number of jails and lockups in the State and the details of their working. The Central Jail is located at Jamkhandi and the principal Medical Officer of the State is its Superintendent. Accommodation is sufficient there. It was periodically visited by the visitors appointed for the purpose. There was only one jail offence. The discipline among the prisoners was properly maintained and so was their health. No death took place in the jail.

38. Remission of sentence was given to 23 prisoners according to the mark-system which is in force in the State.

39. Two prisoners were let off and all others were given remissions of their sentences in connection with the Peace Celebrations.

40. The dietory cost per head per day in Jamkhandi jail was five annas.

41. The total cost of all jails was Rs. 6,896 against Rs. 5,860 last year.

Registration.

42. Appendices XIV and XV give very full details of the work done by the Registration Department. The total number of documents presented for registration was 327,9 as against 3,039. The fees realized amounted to Rs. 8,673 as against Rs. 8,700 of the previous year.

Municipal Administration.

43. There are six Municipalities in the State. Appendix XVI shows their financial condition. House-tax, and Octori are the principal heads of income. General conservancy, lighting, road—repairs, water-supply and education are the chief items of expenditure. Sanitation was well looked after by all the Municipalities. All the Municipalities have the right of election. The State Karbhari is the President and the Mamlatdar is the Vice-President of all the Municipalities except Jamkhandi. The right of electing its own President has been conferred on Jamkhandi Municipality.

CHAPTER IV.

PRODUCTION AND DISTRIBUTION.

Rainfall and Crops.

44. The distribution of rain-fall by Talukas is given in Appendix XVII. It greatly exceeded last year's fall in each Taluka. At first the Kharip crops seemed to be at their best but the long draught in the months of July and August made them wither away. Sowing of cotton were delayed and area under cotton, therefore, diminished to a large extent. Locusts damaged the wheat crop in some villages. A fearful famine was apprehended but fortunately copious rains in September to November in all Talukas assured the Rabbi crops and made the situation easy. The out-turn of Jowari, Cotton, Wheat and Gram was estimated at annas 8, 8, 4 and 4 respectively. Fodder supply was sufficient everywhere and so was the supply of water. The condition of the Agricultural Stock was on the whole good. Details regarding the Agricultural stock in the State are given in Appendix XX. The considerable decrease in the number of animals seen in it was due to the unsatisfactory season of the last year.

Prices and Wages.

45. Appendix XVIII will show that prices of food-grains have fallen down 50 p.c.. Last year prices being abnormally high control over imported food-grains was exercised and exports of Jowari and fodder were restricted but during the year, as the situation improved, restrictions regarding the prices and also regarding the movements of food-grains were first relaxed and afterwards entirely removed.

Wages.

46. Rates of wages continued to remain as high as last year *i. e.* 1 Re. per diem for a skilled labourer and 8 to 10 annas per diem for an unskilled one. This was due to the great demand for labour and its insufficiency caused by the ravages of epidemics and other causes.

Forests.

47. Land measuring 159 Acres 8 Gunthas was taken under the forest during the year. This with the previous year's 27,344 Acres 38 Gunthas, makes a total of 27,504 Acres 6 Gunthas under forest. It includes 1,510 Acres 29 Gunths under Reserved Forest. The forests here, supply fuel only, and are useful for grazing purposes. No timber is available.

48. There were only 4 offences against forest rules during the year, and there were no forest fires.

Excise Revenue.

49. Appendix XXI shows the number of excise shops and the revenue realized there-from.

Trade and Manufacture.

50. There is no important trade worth mention in this State. There

are also no immediate prospects of trade increasing in the absence of a Railway line connecting the State with the outside world. Rice, Sugar, Kerosine, Salt, Colours, Spices, Coconut, Timber, Stationary Cotton yarn, Cloth, Metals and other articles required for consumption are the principal imports while food-grains Cotton, Cotton-seeds, Kardi, Kardi-Oil and Oil-cakes are the chief articles of export. No special arrangements are made for keeping the statistics of imports and exports.

51. Dyeing yarn and silk and weaving coarse cloth and Sarees is carried on, on a large scale, at Banhatti, Hosur, Rampur, and Asangi. Rough woolen blankets or Kambalis are also manufactured in some villages of the State. There were 3,403 hand-looms at work of which 3,264 were used for weaving cotton goods and 139 for Kambalis.

52. There is one ginning factory at Jamkhandi and 2 presses owned by the State, one at Jamkhandi and the other at Kundgol. Jamkhandi ginning factory and press had very little work this year for want of cotton. Cotton weighing 167 Khandis only was ginned out and about 2,500 bales were pressed. The net income of the ginning factory and press at Jamkhandi is estimated at Rs. 9,000 this year. The State press at Kundgol could not be worked at all during the year owing to the scarcity of water.

53. Besides the State ginning factories there are 6 ginning factories at Jamkhandi and 8 in Kundgol Taluka owned by the local merchants. They too had no sufficient work, this year, on account of the scarcity of cotton.

54. There is an ample supply of Kardi in this State. The Kardi oil is one of the valuable articles of export. It is pressed out in old crude country presses. The number of such presses working in the State during the year was about 82.

Fairs and Shows.

55. Four fairs were held, this year, in the State as usual:—

(1) The annual Cattle fair at Jamkhandi in April. The number of cattle exhibited was 6,680 against 6,311 of the last year. Prizes were awarded for fine and well-bred animals by the Chief in a formal Durbar specially held for the purpose. In all 42 prizes were awarded— 9 in gold, 15 in silver and 18 in cash.

(2) Bramhadeva fair at Kundgol in the month of June.

(3) Basavana fair at Kadapatti (Jamkhandi) in the month of August.

(4) Venkoba fair at Kalhalli in the month of October.

Post Offices and Mints.

Post Offices.

56. There are 9 Post Offices in the State. At Jamkhandi and

Ramtirth there are combined Post and Telegraph Offices. Saunshi and Kundgol being Railway Stations have telegraph offices. A Telephone Service is maintained at Jamkhandi. It is very useful in facilitating communications between several offices and institutions. It is under contemplation to extend the service to other towns in the State.

57. There is no Mint in the State.

Public Works.

58. Appendix XIX shows the details of expenditure on public works from the Local and State Funds.

59. All schools, Dharmashalas, Temples, Chawadis, Roads &c. were repaired as usual.

CHAPTER V.

REVENUE AND FINANCE.

60. The finances of the State are based on a sound footing. Comparative details are given in Appendix XXII.

61. The gross income of the State in the year under report amounted to Rs. 7,61,590 as against Rs. 742,191 of the last year. The increase was due to the introduction of the Revision Survey rates in Kundgol Taluka and also to the arrears of Excise revenue being realized from the British Government.

CHAPTER VI.

MEDICAL RELIEF AND VITAL STATISTICS.

Medical Relief.

62. The number of Medical institutions in the State remained unaltered *i. e.* 4. The details of the work done by these charitable institutions and the cost incurred on their account are given in Appendix XXIII.

63. At these institutions 31 major and 996 minor operations were performed during the year.

64 A private Ayurvedic Dispensary was given a grant of Rs. 600 during the year on condition that medicines were to be given free to the poor. In this Dispensary 2,768 patients were treated during the year of whom 2,705 were discharged, 4 absented, and 59 remained under treatment at the close of the year.

Vital Statistics.

65. Vital Statistics are given in Appendix XXIV from which it will be seen that the death rate has, this year, fallen more than 50 p.c.. Last year the number of deaths had abnormally risen owing to the prevalence of Influenza in a pandemic form but by the grace of God there being no epidemic of that sort during the year, death rate has come to its normal level.

66. Cholera broke out in three villages of this State and carried off 13 souls only out of 43 attacked.

67. The Small-pox was prevalent in 7 villages, 87 souls were attacked of whom 10 only died.

Sanitation.

68. There is no special establishment for doing Sanitation work. The Municipalities looked after the work in Municipal areas. In villages it was looked after by the village and Taluka Officers. For the purpose of improving sanitary condition of the villages in the State, the part II of village Sanitation Act has been made applicable, during the year, to the following villages of this State:—

Jamkhandi Taluka.

(1) Hosur, (2) Shegunshi, (3) Asangi and (4) Algur.

Bidri Taluka.

(1) Bidri, (2) Savalgi, (3) Tungal and (4) Hulagabali.

Kundgol Taluka.

(1) Betdur and (2) Yaliwal.

Wathar Thana.

(1) Wathar.

and Village Sanitation Committees have been organised under it. It is, therefore, hoped that sanitation in these villages will be well attended to.

Vaccination.

69. The following tabular statement shows the work done by the Vaccination Department as compared with that of the previous year:—

Operation by whom performed	Number of persons vaccinated in		Results				Remarks
			Successful		Unsuccessful		
	1918-19	1919-20	1918-19	1919-20	1918-19	1919-20	
Jamkhandi town Vaccinator ...	905	945	905	940	...	...	5
Jamkhandi Taluka Vaccinator ...	1,204	795	1,190	795	...	...	...
Bidri Vaccinator ...	827	853	823	853	...	...	...
Kundgol Vaccinator ...	842	748	840	730	...	...	18
Total...	3,778	3,341	3,758	3,318	...	...	‡23

‡23 persons did not present themselves for inspection.

70. Re-vaccination was done in 252 cases. There was not even a single case of unsuccessful vaccination.

71. The State vaccination Inspector inspected all the Talukas and Thanas.

CHAPTER VII.

PUBLIC INSTRUCTION.

72. This Department is now placed under the control of the Vidyadhikari assisted by one Deputy Vidyadhikari and one Inspector.

73. Appendix XXV gives the details about the number of schools in the Jamkhandi State, the attendance of pupils therein and expenditure in connection with these institutions.

74. Primary education has been free in the State. Of the entire population in the State 4.9 are under instruction.

75. The education of backward classes is well attended to. All practicable encouragement is being given to the pupils of the depressed classes, in free boarding and scholarships.

76. All the schools in the State were inspected during the year, as usual. Out of 2,552 pupils presented for examination, 1857 passed. The percentage was 73 against 67 of last year. Five pupils out of 13 passed the Vernacular Final Examination this year while 10 out of 16 passed last year.

77. Female education too is receiving due attention. There are 3 separate Girls' schools in the State. Some boys' schools have separate girls' classes and in the remaining shools girls are taught along with the boys. The number of girls under instruction in the State is 569.

78. A Committee of influential and leading ladies has been lately formed under the presidency of Ranisaheb to look after the problem of female education in general. As a first step towards this, Home Classes for women have been opened at Jamkhandi since January last, where education according to a well-thought-out course is being given by a competent female teaching staff. The present number of women in all classes is 50 and the daily average is about 30. The course comprises knowledge of writing, arithmetic, singing, music, sewing, embroidary, needle-work, drawing and nursing.

79. The F. G. A. V. School at Kundgol is doing useful work. The annual results are satisfactory.

80. The daily average attendance of boys in the P. B. High-school has risen from 305 to 328. It sent up 20 students for Matriculation Examination of whom 18 (80 p. c.) passed. 7 Students appeared for the Drawing Elementary Grade Examination and 13 for the Drawing Intermediate Examination of whom 4 and 12 respectively passed. These results are very satisfactory.

81. The pay of the teachers in the P. B. High-school was revised last year. The pay of the teachers of vernacular Primary schools has also been revised during the year.

82. Seven scholarships are awarded to students who prosecute higher education in the various Colleges of the Presidency. One widow has been sent to the Girls' High-school, Poona, to complete her Matriculation course. Two Vernacular Final passed men have been sent to the Dharwar Training College for men.

83. A Deputation composed of Professors:—Paranjape, Bhate & Ranade of the Fergussion College attended the Chief for a grant to the New Willindon College, at Sangli. The Chief was pleased to sanction a grant of Rs. 5,000 in cash and Government Promissory Notes of the face value of Rs. 25,000.

CHAPTER VIII.

MISCELLANEOUS.

Printing Presses.

84. There are two Printing Presses in the State. One maintained by the State for printing forms and circulars &c, the other named Hanuman Printing Press owned by a private gentleman for job works. No newspaper or periodical is published in the State.

Libraries.

85. There are 11 Libraries and Reading Rooms in the State. Out of them 7 are registered. The use of proscribed books is strictly prohibited there.

Destruction of wild Animals.

86. A leopard was shot during the year for which a reward of Rs. 20 was awarded.

87. There were 5 deaths from snake bites during the year.

Railway.

88. The construction of a Railway line connecting Chinchali with Bagalkot has been sanctioned but the work is delayed owing to the insufficiency of rolling stock and other materials, caused by the terrible War. Fortunately the War has now ended and it is hoped that the work of construction will soon be taken up.

State Karbhari's Tour.

89. I visited all the Talukas and Thanas and several villages in the State in my inspection tour. The Jamabandi of all the villages was made. Taluka and village accounts and records were examined. Kulrujuwat and field inspection was made. Dispensaries and schools were visited. Petitions of Ryots were attended to and were disposed of promptly.

The Condition of the People.

90. Though Kharip crops failed, the Rabbi crops prospered on account of sufficient rains in September to November. This improved to a good extent the condition of Ryots. Rates of wages being very high, the labouring classes thrived well. The weavers and dyers had a dull season for want of Alizarine dyes. There was sufficient fodder and copious supply of water that kept the agricultural cattle in a satisfactory condition. Prices have fallen down nearly 50 p.c.. The value of land is risen. The pay of the State servants of all grades has been increased; so the people of all classes are in more satisfactory condition than that of the last year.

Concluding Remarks.

91. So far as the Administration of the State was concerned the above record will show that administration of justice both civil and criminal was prompt and efficient. The working of the Police was on the whole satisfactory. Revenue collections were made without any coercive measures. The financial condition of the State is sound. The Municipalities have done their best for covenience and comforts of the people under their charge. The working of the Medical and Vaccination Departments was efficient. An all round progress was made by the Educational Department and lastely it is a matter of satisfaction that the subjects of the State continued to be as loyal as ever.

92. The Chief has been taking a personal and lively interest in the administration of the State and is doing his best to supervise every branch of it carefully.

93. In conclusion I am directed by the Chief to express his sincere and cordial thanks to yourself and to Colonl H. Hurrison, the Assistant Political Agent, S. M. Country States, for the sound advice tendered from time to time in important matters of Administration of the State.

I have the honour to be,

Sir,

Your most obedient servant,

K. V. Hasabnis.

State Karbhari, Jamkhandi.

Through:—

THE ASSISTANT POLITICAL AGENT,

S. M. COUNTARY STATES,

KOLHAPUR.

K. V. Hasabnis.

State Karbhari, Jamkhandi.

No 543 of 1921.

State Karbhari's Office.

Jamkhandi,22nd July 1921.

From,

K. V. Hasabnis, Esquire, B. A;

State Karbhari, Jamkhandi.

To,

COLONEL J. W. B. MEREWETHER, C. I. E., J. P,

Resident Kolhapur And Political Agent,

S. M. Country States,

Kolhapur.

Sir,

I have the honour, under instructions from the Chief, to submit the Annual Administration Report of the Jamkhandi State for the Fasli year 1330 ending 5th June 1921.

CHAPTER I.

GENERAL AND POLITICAL.

2. The State comprises an area of 524 sq. miles. It is divided for administrative purposes into two Talukas, Jamkhandi and Kundgol and three Thanas, Wathar, Patkhal, and Dhavalpuri. Tne total population of the State according to the Census of 1921 is 1,01,225. Up till last year there were three Talukas. But during the year under review the former Bidri Taluka is amalgamated into Jamkhandi Taluka for the sake of administrative convenience and economy. The gross revenue of the State exclusive of Inams based on the average of the past five years is estimated at Rs. 7,31,948. The State pays a tribute of Rs. 20,516 annualy to British Government.

3. The Chief, Captain Meherban Shrimant Sir Parashuramrao alias Bhausaheb Patwardhan, K. C. I. E. is a Konkanstha Brahmin. He is a First Class Sardar of the Deccan and a Treaty Chief. His age is 38. He has a son named Shrimant Shankarrao Appasaheb who is now in his 15th year and a daughter named Shrimati Keral Tarabaisaheb alias Shakuntala Taisaheb who is in her 9th year. Shrimant Appasaheb completed his English 5th Standard and is studying in the 6th Standard in the Sardars' High School Belgaum. He is making good progress there under the supervision of a graduate Tutor. Shrimati Shakuntala Taisaheb is learning the Marathi 4th Standard under the supervision of an under graduate Tutor. They are all enjoying good health.

4. The Chief continued to be His Excellency's Honorary Aide-de-camp throughout the year.

5. The Chief had the honour of paying visits to His Excellency the Governor of Bombay at Bombay and Poona when he was invited as a guest at the Government Houses, and at Mahabaleshwar when he had been there in summer.

6. The Chief made an official tour of inspection in all the Talukas and Thanas of the State in order to see for himself the condition of the crops and of the people. In his usual solicitude for the welfare of his subjects the Chief gave audience wherever he went, to local Pates, Inamdars and others so as to enable them to explain freely their needs and complaints to him.

7. The Chief of Jath attended the annual sports of " The Shrimant Ramchandrarao Appasaheb Club " at Jamkhandi on the new year's day and also the Fine Arts Exhibition inaugurated by the Ranisaheb about the same time. The Chief of Phaltan, Shrimant Himat-bahadar and Shrimant Sar-Laskar of Kolhapur visited Jamkhandi during the year under report.

8. Colonel H. Harrison, Assistant Political Agent, S. M. C. States and you paid official visits to Jamkhandi and visited the Schools, the Hospital, and the Jail.

9. Appendix I shows the names of high officials in the State.

CHAPTER II.

ADMINISTRATION OF LAND.

10. The work of Revision Survey was completed last year. Revised rates were introduced in Kundgol Taluka in the year 1919 and in Jamkhandi Taluka and Wathar and Patkhal Thanas in the year under report.

11. The area under cultivation, first taken up for, and thrown out of cultivation during the year is shown in the following table:—

Name of Taluka	Occupied area at the end of 1919—20	Unoccupied area at the end of 1919—20	Area taken up for cultivation in 1920—21	Area thrown out of cultivation in 1920—21	Occupied area at the end of 1920—21	Unoccupied area at the end of 1920—21
*	A. G.	A. G.	A. G.	A. G.	A. G.	A. G.

Total...	28177	476896	505073	369983	135090

* These figures include the figures of Bidri Taluka of the last year.

13. The dues were collected without any coercive measures except a few initial notices.

14. The work of the Record of right was completed during the year and the system of Revenue Accounts according to the Revenue Manual of F. G. Hartnell Anderson Esquire, M. A. of the Indian Civil Service., is introduced in the State from the current year.

15. Tagai Lonas were advanced to cultivators to make improvements of their lands as well as for purchasing fodder for cattle &c. The amount thus advanced was Rs. 5000/- during the year.

CHAPTER III.

PROTECTION.

Legislation.

16. Appendix II shows the Acts and Regulations in force in this State.

17. The following Act was introduced into this State during the year.

(1) Provincial Insolvency Act V of 1890.

Military Force.

18. There is no Military Force in this State.

Police.

19. The details regarding the strength, discipline and education of the Police are given in Appendix IV.

20. Of the 311 foot police 305 are armed of whom 50 carry Breech-loaders, 198 Muzzle-loaders and 57 carry swords, The remaining 6 are unarmed. All the Sowars or mounted Police are armed with swords. A proper discipline was maintained in the Force.

21. The ratio of Police to population of this State is 1 to 283 souls and to area 1 to 1.4 sq. miles.

22. The pay of the Police has again been increased during the year.

23. Police Patils and Sanadis form the village police. The total number is 328.

24. Appendices V to VII give the details of the working of the Police in dealing with crime. The percentages of convictions to arrests and accused sent for trial will be seen to have risen much higher than those of the last year. The percentage of the recoveries to property stolen has shown a slight fall as compared to the preceding year. Yet it may be noted that the working of the Police was satisfactory on the whole.

25. The number of accidental deaths and suicides fell from 53 to 49 during the year.

26. The number of cases of incendiarism rose from 29 to 66 and the value of property destroyed too rose from Rs. 3362 to 9524 during the year.

Criminal Justice.

ORIGINAL.

27. Appendix VIII shows the details of the working of the various Criminal Courts in the State, from which it will be seen that the work of all the Courts was satisfactory.

Appellate Work.

28. Appendix IX gives the results of the work done by the Criminal Appellate Courts. The very small number of appeals and the very few reversals show that the original Criminal work was satisfactory and the appellate work was not heavy.

Civil Justice.

ORIGINAL.

29. Appendix X and XI give the details of the working of the original Civil Courts in the state. It may be remarked that the disposal and despatch of work of all the Courts was satisfactory.

Appellate Courts.

30. Appendix XII shows the details of the work done by the Civil Appellate Courts. It shows that the bulk of the work increased yet the disposal was more prompt than last year.

Extradition.

31. 10 accused persons were made over for trial to this State by the British authorities during the year. Of these 7 were convicted and 3 acquitted. One accused was surrendered by the Sangli State. He was convicted. No persons were surrendered by the State either to the British Government or to any Native State during the year.

Wards' Estates.

32. There were 19 Estates under the State management at the end of the last year. The estate of the Ward No. 19 in last year's report was released from management during the year. Details of all the estates are given in Appendix A. The health, education and general interest of the wards are very keenly watched by the Manager of Wards' Estates.

Mamlatdars' Courts.

33. The number of suits filed in all the Courts of Mamlatdars and Wahivatdars was 23 during the year and all of them were disposed of before the close of the year. There were only 5 Revision Applications in which the decree of the Mamlatdar was reversed in one case only, and confirmed in the remaining cases.

Prisons.

34. Appendix XIII gives the number of Jails and Lock-ups in the State and details of their working. The Central Jail is situated at Jamkhandi and the Medical Officer of the State is its Superintendent. It was periodically visited by the visitors appointed for the purpose. Accommodation is sufficient in the Jail. There were only 2 Jail offences during the year. The discipline of the prisoners was good and so was their health. No death took place in the Jail during the year.

35. Remissions were awarded to 34 prisoners during the year in conformity with the rules of the remission system.

36. The number of Civil prisoners was 5 and that of lunatics 1.

37. The total cost of all the Jails was Rs. 7225 against Rs. 6896 last year.

38. The dietory cost per head per day in Jamkhandi Central Jail was four annas.

39. The rations and clothing were given according to the scale obtaining in the Yeravada Central Jail.

Registration.

40. Appendices XIV and XV give full details of the works of the department. The figures of this year point to a decrease of work. The reason of this decrease may be ascribed to the slackness of business on account of low prices of cotton. The total number of documents presented for registration was 2940 as against 3279.

The fees realized amounted to Rs. 7,934 against Rs. 8,673 of the last year.

Municipal Administration.

41. Appendix XVI gives details of income and expenditure of all the 6 Municipalities in the State. House-tax and octroy are the principle heads of income. General conservancy, lighting, road-repairs, water-supply and education are the chief items of expenditure. All the Municipalities have the right of election. The State Karbhari is the president and the Mamlatdar is the Vice-President of all the Municipalities except Jamkhandi which has been given the right of electing its own President.

CHAPTER IV.

PRODUCTION AND DISTRIBUTION.

Rain fall and Crops.

42. Appendix XVII shows the distribution of rain fall by Talukas. The rainfall being much less than that of the last year and that too being not timely all crops suffered to a great extent. The anna valuation of crops was on an average in the case of jowari and cotton 6 annas and wheat and gram 4 annas. The season was on the whole unsatisfactory except in Kundgol Taluka. The fodder supply, however, was sufficient every-where and so was the water supply. The condition of the agricultural stock was on the whole fair and its details are given in Appendix XX.

Prices and Wages.

43. Prices of food-grains as will be seen in Appendix XVIII, have risen higher than those of the last year owing to the bad season.

Wages.

44. Rates of wages showed a tendency to come down. The wages for skilled labourers were between 12 annas and 1 Re and those for unskilled were 6 to 8 annas per day.

Forests.

45. The total area of the State Forests remained the same as last year *i. e.* 27,504 Acres 6 Gunthas, including 1,510 Acres 29 Gunthas under reserved Forest. There is no timber available in these Forests. They supply only fuel and serve at places as pasture lands. The income from Forests was Rs. 5916 and the expenditure amounted to Rs. 1588.

46. During the year under report there were only 4 offences with 13 offenders against Forest Rules of whom 11 were convicted and 2 acquitted. There were no Forest fires.

Excise Revenue.

47. Appendix XXI shows the number of Excise shops and the

revenue realized there-from.

Trade and Manufacture.

48. Jamkhandi is not an important trade centre and in the absence of a Railway line connecting the State with the outside world there are no prospects of trade increasing. Rice, Sugar, Kerosine Oil, Salt, Colours, Spices, Cocoanut, Timber, Stationary, Yarn, Cloth, Metals, and other articles required for consumption are the principal imports. While Food-grains, Cotton, Cotton-seeds, Saris, Karadi, Karadi-oil and Oil-cakes are the chief articles of export. There are no special arrangements made for keeping the statistics of the imports and exports.

49. Dyeing of yarn and of silk and weaving of Sarees and of Khadis are carried on, on a considerable scale at Banhatti, Hosur, Rampur and Asangi. The number of hand looms working is about 3524 of which 3394 are used for manufacturing cotton goods, and 103 for Kamblis.

50. There is one State ginning factory and one cotton Press at Jamkhandi. The cotton press at Kundgol was sold as it was not found to work satisfactorily. The two factories had no considerable amount of work this year for want cotton. Cotton weighing 293 Khandis was ginned out and about 2598 bales were pressed.

51. Besides the above mentioned State factories there are 6 private ginning factories at Jamkhandi and 8 in Kundgol Taluka. All of them had no sufficient work for want of cotton.

52. Kardi-oil is exported in large quantities from Jamkhandi. This oil is pressed out from Kardi in crude Country oil presses. The number of such presses is 82.

Fairs and Shows.

53. The following four fairs were held, this year, in the State as usual:—

(1) The cattle fair at Jamkhandi was held in the month of April. The number of cattle brought for exhibition and sale was 5868. The decrease over last year was naturally due to the unsatisfactory season. In all 34 prizes for well-bred animals were awarded by the Chief in a Darbar specially held for the purpose.

(2) Bramhadeva fair at Kundgol was held in the month of June.

(3) Basavana fair at Kadpatti was held in the month of August.

(3) Venkoba fair at Kalhali in the month of October.

Post Officies and Mints.

Post Offices.

54. There are in all 9 Post Offices in the State, of which 2 are combined Post and Telegraph Offices—one at Jamkhandi and the other at Ramtirth—Saunshi and Kundgol being Railway stations have also Telegraph Offices.

55. A Telephone service is maintained at Jamkhandi. It is very useful in faciliating communications between several Offices and institutions connected with the central Office. It is under contemplation to extend the service to other towns in the State.

56. There is no Mint in the State.

Public Works.

57. Appendix XIX gives the details of expenditure on Public Works from the Local and State Funds.

58. All Schools, Dharmashalas, Temples, Chawadis, Roads &c. were repaired as usual.

CHAPTER V.

REVENUE AND FINANCE.

59. Appendix XXII will show the general condition of the State finances as compared with the previous year.

60. The gross income of the State in the year under report amounted to Rs. 7,50,309 as against Rs. 7,61,590 of the last year. The decrease is due to the suspensions of land revenue granted to the Rayots owing to scarcity prevailing in parts of the State.

61. State Bank is working satisfactorily. The season being not satisfactory this year, many agriculturists and needy persons took advantage of it, the interest being 6 to 8 p. c. only, though the current rate of interest among the local Bankers was 12 to 15 p. c.. The State Bank advanced this year Rs. 37,946 on the security of gold and Rs. 22,400 on that of lands.

CHAPTER VI.

MEDICAL RELIEF AND VITAL STATISTICS.

Medical Relief.

62. The State maintains 4 Medical institutions. Appendix XXIII shows the details of the work done and the expenses incurred on their account.

63. The Dispensary at Banhatti was closed for some time but owing to its need being felt by the people it is again opened from the 1st of June.

64. The attendance of patients in all these charitable institutions increased from 27,239 to 27,658, and it is satisfactory to find that the institutions are properly working and are proving of great use to the people.

65. At these institutions 30 Major and 1233 Minor operations were performed during the year.

66. All the Medical Officers are qualified men; 2 being University Graduates and 4 Sub-Assistant Surgeons. One qualified Lady Dr. is also employed in the Prince of Wales Hospital Jamkhandi. With her staff of nurses she is very useful to the female patients in labour and other cases.

67. The grant-in-aid to a local Ayurvedic Dispensary is stopped and it is contemplated to open a new independent Dispensary if possible.

Vital Statistics.

68. Appendix XXIV shows the number of births and deaths and their rate per thousand of population. The death rate has again risen this year. This is due to the prevalence of Plague in epidemic form in Kundgol Taluka.

69. Cholera broke out in 5 villages and carried off 42 souls out of 123 attacked. Preventive measures were adopted and Sub-Assistant Surgeons were deputed on special duty to infected villages to treat the sticken people.

70. The small-pox was prevalent in 4 villages in Jamkhandi Taluka. There were 43 attacks but there was not a single fatal case.

71. Six villages in Kundgol Taluka were infected by Plague. 825 were attacked and 466 died. Plague preventive Prophilactic was successfully used. In all the 1900 innoculated persons only 7 were attacked by Plague and of them 4 succumbed. Rat-killing operations were carried on at Kundgol and 4 other villages by Government Agency. They could not prevent the advent of Plague but were useful in checking its spread. There were a few cases of Influenza in some villages of the State.

Sanitation.

72. There is no special sanitation Department in the State. The Municipalities look after the work in Municipal areas. In villages it is looked after by the village and Taluka Officers. In several important villages of the State Sanitary Committees have been organised under the Village Sanitation Act. These have begun to do their useful work.

Vaccination.

73. The following tabular statement shows the work done by

the Vaccination Department as compared with that of the previous year:—

Operation by whom performed	Number of persons vaccinated in		Results				Remarks
			Successful		Unsuccessful		
	1919-20	1920-21	1919-20	1920-21	1919-20	1920-21	
Jamkhandi town Vaccinator ...	945	926	940	920	...	...	6
Jamkhandi Taluka Vaccinator ...	795	788	795	788	...	...	...
Bidri Vaccinator ...	853	850	853	850	...	...	...
Kundgol Vaccinator ...	748	733	730	709	...	7	17
Total...	3341	3297	3318	3267	...	7	‡23

‡ 23 Persons did not present themselves for inspection.

74. Re-vaccination was done in 126 cases. There was not a single case of unsuccessful Re-vaccination.

75. All the Talukas and Thanas were inspected by the State Vaccination Inspector.

CHAPTER VII.

PUBLIC INSTRUCTION.

76. Appendix XXV gives the particulars about Schools, the attendance of pupils therein and the expenditure incurred in connection therewith.

77. Though the language of the masses is Kanerese the number of Marathi Schools was larger than that of Kanerese schools. Steps have been taken to ensure that education is given in the mother-tongue of the pupils, and therefore it will be seen from the Appendix that the number of Kanerese Schools has increased. The number of boys has increased from 4140 to 4229. The improvement in the daily average attendance is rather satisfactory. About 3000 boys appeared for various examinations and about 2158 came out successful. This is quite satisfactory, and bespeaks favourably as to the efficiency of the vernacular Staff.

78. Primary education has been free in the State. The percentage of pupils receiving instruction to the entire population of the State was 5. 1

79. All the Schools in the State were regularly inspected by

the Deputy Vidyadhikari and the two Inspectors of Schools. An adequate teaching staff has been maintained. There is an increase in the number of Trained teachers. A second revision of pay of the teachers was sanctioned during the year, and was given full retrospective effect since January last.

80. Female education too is receiving due attention. There are three separate girls' Schools in the State. In other places girls are taught along with the boys. The number of girls under Instruction has increased from 569 to 675. The number of ladies in the Home Classes, a private Institution aided by the State, has increased from 30 to 48. Average attendance is about 30. Out of 34 ladies examined 26 came out successful. On the whole the institution is doing its work satisfactorily, under the able guidance of the Ranisaheb of Jamkhandi.

81. A special feature of the Home classes was the holding of an Exhibition of Arts under the patronage of the Ranisaheb. About 1000 exhibits were sent in by the women of the State. The Rani sahebs of Sangli and Jath were pleased to grace the opening and the prize distribution ceremony. In all, Rs. 1000 were distributed as prizes. The exhibition, on the whole, was a great success.

82. The educatiou of backward classes is duly attended to. All practical encouragement is being given to the pupils of the said classes. Inducements such as free-boarding, scholarships &c. are awarded but no marked progress is observed. The teachers of the village schools have been asked to encourage the depressed classes to send their boys to schools.

83. The Jamkhandi Municipality has maintained one night school at Jamkhandi for the use of labouring classes.

84. The F. G. A. V. School at Kundgol is doing its useful work. The annual results are satisfactory.

85. In order to bring English education within an easy reach of the poor agriculaturists, two S. G. A. V. Schools, one at Savalgi and the other at Banhatti, have been opened during the year. Their popularity is evident from the fact that they are well attended.

86 The number of boys on rolls and the daily average attendance in the P. B. High-school Jamkhandi have risen. The results of the School Leaving Certificate examination and Intermediate and Elementary drawing examinations were satisfactory; the number of successful candidates being 12, 12, and 4 out of 21, 13 and 7 respectively. The working of the High School was on the whole very satisfactory.

87. In all there are 14 scholarships as against 7 of the last year. Of these one is for the LL. B. four for the B. A. two for the M. B. B. S, one for the L. C. P. S., one for a widowed girl in the women's High-school Poona, four for the Training College for men and one for Vedic course. The yearly expenditure comes to Rs. 3,334.

CHAPTER VIII.

MISCELLANEOUS.

Printing Presses.

88. One Printing Press has been maintained by the State for printing forms and circulars &c. There is one private Printing Establishment named Hanuman Printing Press owned by Mr. Ganesh Narsinha Ponxe and is used to print job--works. No newspapers and periodicals are published in the State.

Libraries.

89. The number of Libraries and Reading Rooms in the State is 11. Seven of them are registered. The use of prosribed books is strictly prohibited in them.

Destruction of Wild Animals.

90. Two leopards were shot during the year of which one was shot by Shrimati Sobhagyavati Ranisaheb of Jamkhandi.

91. Two deaths were reported from snake-bite during the year.

Railway.

92. The construction of a Railway line connecting Chinchali with Bagalkot has been sanctioned and it is hoped that the work would soon be taken up.

Census.

93. The work of the Imperial Census was carried on in the State on the 18th March 1921 under the general guidance of the Provincial Superintendent of Census, Bombay. The Provincial figures of the total population of the Jamkhandi State were 1,01225, as against 1,00,304 according to previous Census.

State Karbhari's Tour.

94. I made an annual tour of inspection in all Talukas and Thanas and completed Jamabandi of all the villages. The Record of Rights was announced in all Talukas and Thanas. Taluka and Village accounts were carefully examined. Dispensaries and Schools were visited and wants and complaints of Rayats were inquired into and were promptly dealt with as far as possible.

The condition of the People.

95. The season opened fairly well in both the Jamkhandi and Kundgol Talukas, but later rains absolutely failed in the former Taluka and condition akin to scarcity had arisen. Liberal Suspensions of Land Revenue were timely announced and Tagai grants for fodder were made. The Rayots in Kundgol Taluka fared much better. The prices of food grains ruled high and were advantageous to those who succeeded in raising crops. The rates of wages were high and the condition of skilled and unskilled labourers was

satisfactory. The weavers and dyers had a good season as they could get sufficient quantities of dyes required and as there was a good market for their productions. The condition of Agricultural cattle was far from satisfactory, as the fodder and water supply was in parts insufficient. The prices of cotton have gone down and the Agriculturists have suffered owing to their expectations not having been fullfilled. The pay of all the grades of Officers had to be again revised. The year on the whole was of scarcity and caused much anxiety to the people and the State.

Concluding Remarks.

96. This is the record of the events connected with the Administration of the State and the condition of the people during the year. The needs and comforts of the people were attended to, justice was well administered, and protection of life and property was ensured as far as possible. People have been loyal throughout.

97. The Chief has been taking a lively interest in the Administration personally and has done his best to supervise carefully every branch of it.

98. In conclusion I am desired by the Chief to express his sincere and cordial thanks to you and Colonel H. Harrison for the sound advice given to him in important matters of Administration of the State.

I have the honour to be,

Sir,

Your Most Obedient Servant,

K. V. Hasabnis.

State Karbhari, Jamkhandi.

Through:--

THE ASSISTANT POLITICAL AGENT,

S. M. COUNTRY STATES, KOLHAPUR.
